ADULT TRANSITION PROGRAM

2017-2018
National Board Teacher Certification Scholarship
Ardath Miller, Special Ed

2015-2016
National Board Teacher Certification Scholarship
Danielle Legault, Special Ed

2012-2013
National Teacher Board Certification Scholarship
John "Mike" Lewis, Special Ed
2018-2019
National Board Teacher Certification Scholarships
Jessica Darling, Special Ed
Jennifer Hurley, 4th Grade
Esther Lee, 4th Grade

2017-2018
New Teacher Classroom Library
Ellie Swanson

2016-2017
New Teacher Mentor Sound Discipline
Brent Holm
Kathryn Li
Jessica-Lynn Smith

New Teacher Classroom Library
Kira Clausen

2015-2016
Moving Ahead: 21st Century Student Resources at Arrowhead Elementary School
Lona Sepessy - $1000 Grant – Impact: 395 students
For enhanced media literacy, research skills, and multimedia projects through the use of headphones and supplemental research databases targeted at English Language Leaners, Mid-level classrooms, Learning Center, General Education, and the Library.

2014-2015
Historical Civil Rights Movement Literacy Materials at Arrowhead Elementary - $600 Grant
This project expands the 6th grade civil rights movement curriculum at Arrowhead Elementary by providing a comprehensive selection of fiction and non-fiction books for all readers aimed at increasing social thinking through the exploration of the personal narratives of people from the Civil Rights Movement. Students will apply the knowledge applies to current world events in the hopes of preparing them to be leaders in the future.

Cellos at Shelton View, Kenmore, Arrowhead, and Lockwood Elementary - $3942 awarded
For two cellos to be used between Shelton View, Kenmore, Arrowhead, and Lockwood Elementary. There are currently 18 cellists sharing 9 cellos at school and three students without access to cellos at home. Over the
life span of each instrument this project will fill an essential need for numerous disadvantaged students, positively build upon the existing string orchestra program and provide a unique opportunity to the many benefits of musical instrument education for students who would otherwise have insufficient access.

2012-2013

Roots of Empathy at Arrowhead Elementary - $1000 Grant
This project utilizes a community development model bringing infants and their parents into the classroom and allowing third grade students to observe, comment on, and draw conclusions about how the baby is feeling; helping the students develop a vocabulary for their own feelings and for those of others. As they come to learn how others feel, students develop empathy and are less likely to demonstrate aggression, thereby creating a healthier environment.

2011-2012

Elementary School Science Kit Refurbishment (District-wide)

2010-2011

Reading Enhancement - $500 Grant
For 2 Kindle wireless reading devices and 15 digital books to enhance reading comprehension among 6th grade English Language Learner (ELL) language arts students.

School to Home Reading Connections - $500 Grant
For tote bags, books on tape and tape players with adaptors or plugs for the School to Home Reading Connections project to provide students with access to a paired audio/text library, as well as audio devices that can be checked out for study at home.

World Music Drumming - $300 Grant
For Tubanos and to implement a new curriculum, “World Music Drumming.” Students will learn drumming skills to connect to many cultures and develop a level of musicality in ways that only drumming can provide.

Elementary School Science Kit Refurbishment (District-wide)

2009-2010

Learning Center Balance Balls - $110 Grant
For 6 exercise balls for students involved in the Learning Center. Studies have shown that movement on these balls allows students to better focus and in turn, retain and learn more than just sitting.

Reading Data Management System - $500 Grant
This data management system utilizes a reading screening measurement, through DIBELS, and helps teachers track and measure a student’s reading progress.

2007-2008

Therapeutic Horseback Riding - $1,000 Grant
To help support the Therapeutic Horseback Riding program, defraying the costs of an experiential partnership with Little Bit Therapeutic Riding Academy. Special needs students enrolled in the program gain self confidence, self-esteem and self-control that increase their ability to perform academically.

Therapeutic Tools - $1,000 Grant
For essential therapeutic teaching tools to help set up a therapy program at Arrowhead that will meet the basic needs of students, improving their capacity to learn and take advantage of the teaching they receive.

**Global Positioning Systems - $2,500 Grant**
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

**Physical Education Equipment - $2,000 Grant**
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

**Boardmaker Activity Pad - $979.01 Grant**
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

**2003-2004**
**Step Up to Writing Improvement - $500 Grant**
To support their program which provides cohesive, explicit strategies for direct writing instruction for all students in grades 3-6 through instruction and practice in narrative and expository writing.

**2002-2003**
**Soar to Success - $850 Grant**
Reading success and motivation are the program goals for students who need extra time and instruction. Small group instruction and this curriculum provide an additional opportunity to learn to read.

**1999-2000**
**Butterfly Garden - $510 Grant**
The entire school creates a garden that grows plants for a caterpillar, butterfly and hummingbird habitat.
2018-2019

National Board Teacher Certification Scholarships
Christy Dear, 4th Grade EAP
Todd Parker, Librarian

2017-2018

National Board Teacher Certification Scholarship
Kara Morrison, Kindergarten

New Teacher Classroom Library
Madison Peterson

2016-2017

Heart Rate Monitors
Alicia Geoghagan – $500 Grant – Impact: 450 students
For individual heart rate monitors which will introduce and teach intermediate elementary students about the benefits of cardio exercise. Students will deepen their understanding of how the body responds to exercise.

New Teacher Mentor Sound Discipline
Sara Hart
John Myers

National Board Teacher Certification Scholarship
Christy Deer, 3rd Grade

New Classroom Libraries
John Myers

2015-2016

Take Home Books at Bear Creek Elementary School
Tracey Gangwish - $941.48 Grant – Impact: 25 students
For a compiled library of “just right” leveled books that 1st grade students can check-out and practice reading at home.

National Board Teacher Certification Scholarship
Emmy Hager, 3rd Grade
2014-2015
New Teacher Mentor Sound Discipline
Jeanne Sandusky

2011-2012
Class Fitness Mats - $800 Grant
Students will enjoy the use of fitness mats during stretching and yoga instruction, fitness exercises and track and field units.

Elementary School Science Kit Refurbishment (District-wide)

2010-2011
Weighted Balls - $540 Grant
For a set of small, weighted balls to be used during PE classes to supplement their fitness activities. The balls are small and pliable enough to be gripped by a child’s hand, filled with sand to 3 lbs., and are gentle on flooring when dropped.

2007-2008
Global Positioning Systems - $2,500 Grant
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

Physical Education Equipment - $2,000 Grant
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

Boardmaker Activity Pad - $979.01 Grant
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

2003-2004
Guided Reading Books - $500 Grant
Literacy materials purchased from this grant supplement and enhance current District reading curriculum. Individualized and small group instruction of specific skills are used.
Augment Middle School and High School Libraries for FSA Students at Bothell HS Natalie Pullen – Impact: Special Populations (ELL, Learning Center, Special Education, etc.)
Additional funding to augment school library collections to support the specific needs of FSA students using the Unique Learning Systems curriculum. Librarians will gather print resources in a special collection pertaining to various monthly topics so students can benefit from school library services.

National Board Teacher Certification Scholarships
Coleen Von Altermott, Math
Jacob Crouch, English
Colin Eggers, Counseling
Sydney Swenson Fee, Leadership
Todd Frederickson, Science
Terilyn Greenfeld, Math
Sheila Guard, Science
Patrick Holmes, Social Studies
Erin Moody, Math
Kirby Morgan, Jr., Math
Sandra Sikonia, PE
Dori Wuepper, Social Studies

2017-2018
Self-Regulation Supports for Special Population Classroom
Joyce Thode –Grant Recipient – Impact: Several Special Populations
To provide up to date tools to help special education students stay calm and available for learning. Functioning self regulation support students in their learning, and can increase their participation and engagement at school.

Bluetooth iPad Keyboards
Craig Danter –Grant Recipient – Impact: Several Special Populations
To provide mid-level students who require alternate keyboards with bluetooth keyboards in order to perform efficiently and independently with less teacher intervention and therefore allow the students to take ownership of learning and participate more fully in their classes.

2016-2017
Social/Emotional Mid-Level Program Incentives
Alex Worn – $200 Grant – Impact: 12 students
For trinkets, toys and edibles to be used as tangible rewards and incentives for the social/emotional mid-level programs. These items will reinforce students’ positive behavior and work completion. (Funded by SEPAC)

Kinesthetic Learners Rejoice
Mary Neifert & Kara Cecil – $2000 Grant – Impact: 40 students
For sensory and movement based materials to support struggling Functional Skills and Academics/Mid level and Learning Center students. These materials support healthy brain based learning and are proven to increase student learning, engagement, and participation. (Shared funding by NSF and SEPAC)

**Technology Availability for All in a Blended Class**
**Kirby Morgan – $1860 Grant** – Impact: 50 students
For Chromebooks which will allow all students in the Bridges to Algebra 2 class access to technology. This will allow students to progress at the pace that best matches their learning needs in a blended classroom incorporating flipped and mastery teaching methods.

**Northshore Schools Foundation Scholarship Winner**
Kelsey Heintz

**Service Learning & Business Marketing Program Support**
For student clubs who provide volunteer services during the Calling for Kids campaign

**2015-2016**

**3D Printer in the Bothell Library at Bothell High School**
**Carolyn Urrutia - $1000 Grant** – Impact: 100 students
For the addition of a 3D printer to the school’s library which will be available to all students who complete training on the printer.

**National Board Teacher Certification Scholarship**
Craig Danter, Special Ed
John Messner, Social Studies
Morrigan McGee, Special Ed

**Service Learning & Business Marketing Program Support**
For student clubs who provide volunteer services during the Calling for Kids campaign

**2014-2015**

**Innovation in Education Award**
Pat McCue

**New Teacher Mentor Sound Discipline**
Heidi Fujii
Alexa Larson (also at KJH)
Kelsey Phillips (also at NJH)

**Service Learning & Business Marketing Program Support**
For student clubs who provide volunteer services during the Calling for Kids campaign

**Positive Behavior Intervention System Training**
2013-2014

New Teacher Mentor Sound Discipline
Cindy Daughtrey
Chaya Glass
Doug Hakala
Jamie Nelson

Service Learning & Business Marketing Program Support
For student clubs who provide volunteer services during the Calling for Kids campaign

2012-2013

Novels for Mid-Level Special Education - $3000
Novels for Mid-Level Special Education at Bothell and Inglemoor High Schools: this grant creates a cross-departmental, mid-level special education library that offers these students access to the same books being taught in the general education English Department but that are written at a level that meets their needs.

National Board Teacher Certification Scholarship
Natalie Pullen, Special Ed

Service Learning & Business Marketing Program Support
For student clubs who provide volunteer services during the Calling for Kids campaign

2011-2012

Adaptive Arts Education Project - $996 Grant
This project will support students with moderate to severe disabilities by providing visual arts instruction that is both standards’ based and modified to meet the needs of individual students.

National Board Teacher Certification Scholarship
Amanda Rainwater

Service Learning & Business Marketing Program Support
For student clubs who provide volunteer services during the Calling for Kids campaign

2010-2011

Service Learning & Business Marketing Program Support
For student clubs who provide volunteer services during the Calling for Kids campaign
2009-2010

**Novels & Drama - $893 Grant**
For short novels and creative drama in German class - Short novels that don’t require teacher clarification or use of dictionaries will provide context from books to create unscripted acting and speaking activities.

**Life Fitness Enhancement - $1,000 Grant**
For 9-10 Bozo balls to enhance Life Fitness class--additional balls are needed to improve core strength and allow students to share with only one other student.

**National Board Teacher Certification Scholarship**
Jan Morgan
Lindsey Richards

2006-2007

**Math/Science - $650 Grant**
For math/science curriculum materials and workbooks to support learning experiences structured individually.

2005-2006

**Electronic Banking Monopoly - $320 Grant**
To enhance his Accounting Class curriculum with the Electronic Banking Edition of Monopoly. This game makes learning fun through real-life situations using accounting principals.

**Math/Science - $650 Grant**
For alternative materials and learning experiences structured individually for 10 At-Risk students in grades 10-12.

2004-2005

**Japanese Calligraphy - $737 Grant**
All students taking Japanese classes will learn Japanese calligraphy (6 sessions) using traditional tools. Project will enhance students' knowledge of the traditional writing styles and people's life in ancient Japan, will teach the evolution/development of hiragana characters and other Japanese/Chinese art forms.

2002-2003

**Measure for Measure - $1,000 Grant**
For the re-calibration of existing micro-pipets, which are used by students to experience authentic scientific investigations. Extends the useful life of the micro-pipets and ensures dependable experimental results.

1997-1998

**Thermal Cycler - $1,000 Grant**
Schools implement a new portion to the science program by adding a lesson in DNA processing.
CANYON CREEK ELEMENTARY

2018-2019

Books, Games and Storage Unit
Jodi Ehlers - Grant Recipient - Impact: 90+ students
This grant helped purchase new books, academic games and a heavy-duty storage organizer/cart for books for Homework Club and Summer Story Time programs.

i-Pads for 3rd-5th graders
Joanne Burkett - Grant Recipient - Impact: 100+ students
iPads will be used to project multiple screens of student work in math and science, giving each collaborative group their own tablet. This meets the diverse needs of the student body, allowing them alternative technologies to share their thinking and ideas as they solve real-world problems with real-world tools.

Alternative Seating Options
Serena Lindley and Melissa Barton - Grant Recipients - Impact: 100+ students
This grant purchased alternative seating options for five 1st grade classrooms. These seats give students more options for movement during the day and also help students focus on their assignments for longer periods of time.

Book Bags
Melissa Barton - Grant Recipient - Impact: 100+ students
This grant has funded the purchase of durable vinyl book bags to create Just Right Book bags for students to take home leveled books for home reading. Bags are labeled for easy tracking and shared between classrooms and other grade levels.

High Interest Lower Level Books
Mackenzie Rompanen - Grant Recipient - Impact: 30+ Special Population students
This grant supports 8-10-year-old students who struggle significantly with social/emotional and behavioral needs with the purchase of books that are high interest and lower reading levels.

Books for Take Home Reading Program
Mary Vasatka - Grant Recipient - Impact: 100+ Kindergarten students
This grant funded a book purchase for the youngest students to borrow and take home to practice their newly learned reading skills.

Nature Education Grant
Michelle Vancour
For the purchase of supplies to set up planter boxes and vegetable gardens. Students will learn how to plant and maintain a vegetable garden, how different vegetables and herbs grow, their needs, the difference between a perennial and annual plants, as well as how plants grow differently from roots, shoots, bulbs or seeds.

Bilingual Books for School Library
Jordan Holley - Impact: 100+ students
For creating a bilingual book section in the school library.
**Graphic Novels**  
**Lisa Reid** - Impact: 1-2 classrooms  
For increasing engagement, equity, and literacy through diverse and accessible graphic novels. They are a great way to help struggling readers strengthen vocabulary, build reading confidence and stamina, and develop a deeper appreciation of storytelling.

**Stability Seating**  
**Molly Goodspeed** - Impact: 1-2 classrooms  
To help students focus by allowing them some movement over sitting still.

**National Board Certification Teacher Scholarships**  
Rebecca Andrick, 1st Grade  
Melissa Barton, 1st Grade  
Molly Goodspeed, 2nd Grade  
Elliot Gray, Music  
Kaitlyn Vagt, 2nd Grade

---

**2017-2018**

**Online Math subscription**  
**Joanne Burkett** - **$990 Grant** – Impact: 130 students  
By providing access to online math practice, third graders will have the opportunity to practice essential math skills and to enrich areas in which they are challenged, at home or in the classroom.

**Self-Regulation Equipment for Social/Emotional Classrooms**  
**Lisa Kieffer** – **Grant Recipient** – Impact: 1-2 Classrooms  
To provide recommended sensory equipment for the S/E program.

**National Board Teacher Certification Scholarship**  
Radka Meyer, Kindergarten

**New Teacher Classroom Library**  
Taylor Hollingsworth  
Hajira Nor

---

**2016-2017**

**Solving the Achievement Equation**  
**Melissa Wells** – **$750 Grant** – Impact: 30 students  
For Dreambox Learning software to boost math skills of students served by the Learning Center. This program will help ensure that students meet or exceed state math standards and continue to excel in the math classroom through a fun and engaging program.

**Interactive Read Alouds and Book Club Sets**  
**Michelle Vancour** – **$862.96 Grant** – Impact: 150 students  
For whole-class read aloud books and book club sets to enhance literacy instruction for fourth graders. The read aloud books will build background knowledge about our Social Studies content, specifically the Westward
Expansion era of the United States. The book club sets allow students to participate in small group discussions increasing interest and motivation for students to learn history and build their literacy skills.

Social/Emotional Mid-Level Program Incentives
Shelby Hemp – $600 Grant – Impact: 30 students
For trinkets, toys and edibles to be used as tangible rewards and incentives for the social/emotional mid-level programs. These items will reinforce students’ positive behavior and work completion. (Funded by SEPAC)

Book Club Books
Joanne Burkett - $1000 Grant – Impact: 600 students
For books for 3rd grade book clubs, to enhance reading with peer interaction.

Historical book club sets 4th grade
Emily Miller & Serena Lindley - $936 Grant – Impact: 150 students
For engaging historical fiction books sets for the school's fourth graders.

Fine-motor Toolkit
Melissa Barton - $1000 Grant – Impact: 125 students
For a Fine Motor Handwriting Toolkit, a classroom-based set of resources to support handwriting for kindergarten and first grade classes.

2012-2013
National Board Teacher Certification Scholarship
Deanna Watson, 6th Grade

2011-2012
Elementary School Science Kit Refurbishment (District-wide)

2010-2011
National Board Teacher Certification Scholarship
Melissa Barton
Melissa Barham
Sarah Marie Boerner

2009-2010
Science Equipment - $1,000 Grant
For supplemental science materials for 4th grade: to supplement the grant of 8 microscopes students need slides, camera adaptors to project microscope images, and forceps. This grant will greatly enhance science curricula and provide more hands-on learning opportunities.

2007-2008

**Reader’s Workshop Theme - $1,000 Grant**
Books for Reader’s Workshop Theme: these books will help instill the love of reading as well as increase reading comprehension and vocabulary.

**Global Positioning Systems - $2,500 Grant**
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

**Physical Education Equipment - $2,000 Grant**
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

**Boardmaker Activity Pad - $979.01 Grant**
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

2006-2007

**The Guided Science Project - $980 Grant**
Helps support a school-wide focus on science and the development of support materials for the FOSS kits. All students in every classroom will benefit from the grant.

2005-2006

**Literacy Enhancement - $1000 Grant**
For books that support Canyon Creek’s literacy vision. These books will particularly provide students with more access to rich literature that is appropriate for their needs as a reader in the third grade. Canyon Park Junior High

**The Guided Science Project - $980 Grant**
For a school-wide focus on science and the development of support materials for the FOSS kits.

2004-2005

**Technology as a Tool - $1000 Grant**
Project will establish a library of technology resources using a variety of selected tools/programs that facilitate literacy skills.

2000-2001

**Sciencing Workshops - $1,000 Grant**
Science kits for students to learn through scientific investigation and inquiry.

1999-2000

**Friday Afternoon Activities - $1,000 Grant**
Math classes help students with their math skills.
1996-1997
Technology in Music Education - $675 Grant
Two multi-media “mini” workstations for students to create musical compositions and arrangements.

CANYON PARK MIDDLE SCHOOL

2018-2019
National Board Teacher Certification Scholarship
Haakon Aasan, Science
Melissa Barham, Health/Fitness
Craig Danter, Special Education
John Fogarty, Jr., Math
Paul Jensen, II, Health/Fitness
Elizabeth Methot, Counseling
Jennifer Shibayama, Science
Bridget Taylor, Music
Deanna Watson, English
Colin White, Social Studies

2017-2018
WE Day 2018
Corey Martin/ Colin White - $1000 Grant – Impact: 90 students
WE Day is a culminating, inspirational event for students who have performed both local and global community service activities during the school year. WE Day brings together world-renowned speakers and award-winning performers with thousands of young people to celebrate their contributions and kick-start another year of positive change. This funding provides staffing and fieldtrips support for the attendance of nearly 90 middle school students.

National Board Teacher Certification Scholarship
Kendra Hoerst, English
Molly Kutsick, Math

2016-2017
Young Musician Instrument Purchase
Hillary Osborne – $860 Grant – Impact: 56 students
For smaller orchestra instruments allowing younger or smaller-statured students the opportunity to try instruments and expand their music education.
Social/Emotional Mid-Level Program Incentives at Canyon Park Junior High School
Rachel Knox – $200 Grant – Impact: 12 students
For trinkets, toys and edibles to be used as tangible rewards and incentives for the social/emotional mid-level programs. These items will reinforce students’ positive behavior and work completion. (Partially funded by SEPAC)

2015-2016
Band & Choir Master Classes & Cello Purchase at Canyon Park Jr. High School
Michelle Draper - $3000 Grant – Impact: 226 students
For 160 hours of small and sectional master class group instruction available to band and choir members and the purchase of a new or quality used cello for the school orchestra.

National Board Teacher Certification Scholarship
Colin White, Social Studies

Positive Behavior Intervention System Training

2014-2015
New Teacher Mentor Sound Discipline
Hillary Osborne
Mark Erickson

2013- 2014
Curriculum and Resources - $620 Grant
For Student Leadership Course to fund materials to support the Foundation’s initiative to ensure that every student has the opportunity to meet their potential. Under the direction of Sebastian Ziz and Jackie Phillips, students in this class will learn to develop and strengthen leadership abilities. Skills learned will contribute to positive school changes and climate. It will also prepare them for leadership positions in college and the career world, as well as making them a viable part of the community. – Impact: 300 Students

Weight Room Equipment - $700
To support the Foundation’s initiative for Health and Enrichment. Under the supervision of Danielle Meyer, equipment will be purchased to invigorate and strengthen the health/fitness curriculum. By increasing the focus on core stability, balance, muscle strength and endurance, teachers will help students increase fitness scores and student desire to participate. – Impact: 8000

### 2012-2013

**Sensory Diet in Education - $1000 Grant**
In support of the Foundation’s initiative for Advanced and Disadvantaged Learners, Kari Galvagno will supervise this program which will provide students who have sensory processing difficulties a planned and scheduled sensory activity program. Providing more equipment will give students more opportunities to participate in sensory experiences and can help prepare them for optimal learning. – Impact: 300 Students
Full Steam Ahead Recess - $1000 Grant
In support of the Foundation’s initiatives for STEM and Art. This program, under the supervision of Suzanne Sterling, will take place during lunch recess. The purchase of a wide variety of board games, puzzle and maze games, engineering and building games and science and art kits, will encourage creativity and facilitate cooperation, basic social skills and critical thinking. – Impact: 300 Students

2011-2012
Structured Seating for Success in Contained Learning Centers - $912 Grant
For structured seating options for the success of students in Contained Learning Centers at Cottage Lake and Woodmoor Elementary Schools. These chairs will provide an innovative way for students who are on the autism spectrum, have sensory processing disorders, or have mobility or orthopedic impairments stay focused on the group or individually structured learning activities.

New Teacher Classroom Library
Matt Warhol 5th grade

Elementary School Science Kit Refurbishment (District-wide)

2009-2010
School to Home Math Learning Kits - $985.00 Grant
For School to Home Math learning kits for Kindergarten students. 24 math learning kits for students to take home, enhancing learning outside of the classroom and increasing knowledge and understanding of math.

National Board Teacher Certification Scholarship
Carolyn Kitchens
Casey Klinich

2007 -2008
Teaching Tools - $1,000 Grant
For a variety of teaching tools and resources to assist with the rapidly growing pre-K through 3rd grade population at Cottage Lake.

Global Positioning Systems - $2,500 Grant
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

Physical Education Equipment - $2,000 Grant
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

Boardmaker Activity Pad - $979.01 Grant
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

2002-2003

Pacific Rim Cultural Boxes - $900 Grant
Parent volunteers participate in the research and assembly of additional Pacific Rim Cultural Boxes. Students receive an enriched understanding of what countries are part of the Pacific Rim and the wide cultural diversity existing within that grouping.

2001-2002

The Outdoor Classroom/Butterfly Habitat Garden - $641 Grant
The new outdoor classroom at Cottage Lake Elementary features classroom seating, raised planter boxes, composting area and salmon and butterfly habitat gardens. This grant funds butterfly habitat educational signage for the classroom and printing of student researched and designed educational brochures focusing on butterfly development and habitat.

Sciencing Workshop - $300 Grant
The grant provides scientific equipment and materials for 3rd grade student experimentation. Sciencing Workshop lessons are student centered and follow a format that includes: mini-lessons, hands on individual exploration, recording, sharing and publishing.

CRYSTAL SPRINGS ELEMENTARY

2018-2019

Sensory Toolboxes
Traci Svee - Impact: Entire Elementary School
To make available sensory toolboxes for each grade level at Crystal Springs to help support those students with sensory and social/emotional regulation challenges.

National Board Teacher Certification Scholarship
Jeanine Beck, Special Education
Natalie Rance, 5th Grade
Timothy Rhoades, 5th Grade
Michelle Taylor, ESL
Stacey Vaiphei, Elementary

2017-2018

Backpack Buddies
Colette Weber - $500 Grant
Backpack Buddies generate interest for reading and borrowing books from the school library as well as building enthusiasm for reading in the early grades, by providing students with a cool new way to check out books. Backpack buddies that contain a book, a plush or puppet, and a clear backpack to hold all of the supplies provide the student with opportunities to read aloud with the backpack buddy or engage in dramatic play and expression while reading.

Drumming equipment at Moorlands and Crystal Springs
Mary Giordano & Kelly Griffin/ Jane Lin - $2000 Grant – Impact: 1300 students
The addition of Tubano drums will provide music student with opportunities to practice teamwork and cooperation while releasing creativity and learning relevant world cultural traditions. As a growing school, Moorlands has had to add a music room, this grant means more students get hands on instrument time.

**BreakOut EDU Kits**
**Colette Weber – Grant Recipient** – Impact: Entire School
To provide an immersive learning experience where students work in cooperative groups to solve puzzles, which give them keys and codes to unlock boxes and eventually reach a prize in the last box. The benefits of BreakOut EDU extend beyond “winning”. Students, teachers and parents will build important academic and social skills as they solve puzzles and reinforce curricular concepts.

**National Board Teacher Certification Scholarship**
Kristie Ortman, 3rd Grade

**New Teacher Classroom Library**
Brittany Williams

### 2016-2017

**Scooter Boards for PE**
**Flo Booth – $780 Grant** – Impact: 675 students
For fast action scooters and replacement wheels for the current inventory to be used in all PE classes. The equipment will be used in lessons and activities that promote exploration, encourage creative play, develop team work and cooperative play, and increase strength of fine and gross motor skills.

**littleBits for STEAM Students**
**Nicole Nelson – $989.90 Grant** – Impact: 120 students
For littleBits kits which will introduce fourth graders to electrical engineering in a hands-on, engaging process that all learners can access. littleBits are electrical circuits and snap together and students can design projects that will meet many needs.

**Differentiated Math Experiences**
**Lydia Voss – $1000 Grant** – Impact: 26 students
For math activity stations so that third and fourth grade students will have hands-on materials allowing them to practice math skills based on their differentiated needs.

**Differentiated Math Project Stations**
**Nicole Thomas – $1000 Grant** – Impact: 26 students
For math activity stations so that third and fourth grade students will have hands-on materials allowing them to practice math skills based on their differentiated needs.

**Team Building through Book Clubs**
**Larissa Martin – $500 Grant** – Impact: 30 students
For book club sets to promote communication and team building through the use of book clubs. Third grad students, teachers, and parent volunteers will all be involved in book clubs.

**New Teacher Mentor Sound Discipline**
Courtney Hottowe

**National Board Teacher Certification Scholarship**
Natalie Rance, 6th Grade

**New Classroom Libraries**
Courtney Hottowe

### 2015-2016

**Barred Instruments for the Music Classroom at Crystal Springs Elementary School**
*Pat Murphey - $500 Grant* – Impact: 627 students
For barred instruments in grades 1-6 music classes so that the entire class can participate together.

**Barred Instruments for the Music Classroom at Crystal Springs Elementary School**
*Sofia Kim - $500 Grant* – Impact: 627 students
For barred instruments in grades 1-6 music classes so that the entire class can participate together.

**Lapboards for Learning at Crystal Springs Elementary School**
*Linda Yoder - $246.60 Grant* – Impact: 120 students
For personal white boards to be used for spelling, math, student enrichment and remediation, handwriting and student engagement by 1st grade students.

**Picture Books for Writing at Crystal Springs Elementary School**
*Kristie Ortman - $663 Grant* – Impact: 28 students
Picture Books for Writing at Crystal Springs Elementary School
For picture books in the 5th grade classrooms primarily as a teaching tool for writing skills in that these books provide examples of essential pieces of writing in an engaging and concise manner.

**Picture Books for Writing at Crystal Springs Elementary School**
*Matt Wright - $663 Grant* – Impact: 28 students
For picture books in the 5th grade classrooms primarily as a teaching tool for writing skills in that these books provide examples of essential pieces of writing in an engaging and concise manner.

**Picture Books for Writing at Crystal Springs Elementary School**
*Erin Chargualaf - $663 Grant* – Impact: 28 students
For picture books in the 5th grade classrooms primarily as a teaching tool for writing skills in that these books provide examples of essential pieces of writing in an engaging and concise manner.

**Wiggle Room at Crystal Springs Elementary School**
*Tammy Fassett - $900 Grant* – Impact: 50 students
For chairs and pedals that allow 2nd grade students a variety of seating options for comfort and to allow movement and get their wiggles out so that they can be most successful in the classroom. Studies have found that children learn better when they are moving.

**Math Partners at Crystal Springs Elementary School**
Todd Parker - $828 Grant – Impact: 36 students
For three evenings during the school year to allow 2nd grade students, their parents, and teachers to come together and deepen their understanding of math concepts.

2014-2015
New Classroom Libraries
Megan Gregersen

New Teacher Mentor Sound Discipline
Megan Gregersen
Scott Heath

Positive Behavior Intervention System Training

2013-2014
Schoolyard Gardens - $1000 Grant
Students will develop and tend two gardens. In a physically active setting, gardening has the potential to reconnect students with nature, thus helping them to become more engaged and empowered.

2012-2013
Contrabass Resonator Bars C, F, G - $1000 Grant
Purchase of Contrabass Resonator Bars C, F, G; this popular program makes music fun and accessible to hundreds of students who often go on to participate in music programs at the junior high and high school levels. Numerous studies have correlated participation in music with improved educational outcomes.

2011-2012
Elementary School Science Kit Refurbishment (District-wide)

2011
New Teacher Classroom Library - Nicole Nelson, 4th grade
New Teacher Classroom Library - Katrina Blackburn, 2nd grade

2009-2010
Literacy Development and Community - $1,000 Grant
Provide ample reading material for K-3 students to take home, enhance reading ability and retention while learning community values and the right way to treat others. Parents have signed contracts at the beginning of the school year to commit to reading with their children at home.

Game Plan - $875 Grant
For music curriculum called “Game Plan” for 1st, 2nd and 3rd grades - Provides teachers with well designed text, charts and visuals for learning about music making that are taught chronologically throughout the year in a logical progression.

**Spanish & English Books - $500 Grant**
For books in Spanish and English that can be taken home K-6 - Many Spanish speaking students have parents at home who do not speak English so more Spanish books and individualized skills materials for the ELL and special needs children will allow these children to have books in their language and enhance reading at home activities, improving the children’s love of reading and comprehension.

**2007-2008**

**Kindergarten Books - $992 Grant**
For targeted read-aloud and leveled books for Kindergarten classes. These books will encourage students and parents to read together as well as develop a love of reading.

**Global Positioning Systems - $2,500 Grant**
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

**Physical Education Equipment - $2,000 Grant**
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

**Boardmaker Activity Pad - $979.01 Grant**
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

**2006-2007**

**Literacy Block - $1000 Grant**
Purchases read aloud materials in the literacy, science and social studies areas for first and second grade teachers and the LASER, LAP, and TITLE 1 staff.

**2005-2006**

**Literacy Block - $1,000 Grant**
This is a request for read aloud materials in the literacy, science and social studies areas for first and second grade teachers and the LASER, LAP, and TITLE 1 staff. We are recommending the funding come from the Northshore Reading Council Fund or a combination of Foundation and Northshore Reading Council Funding.

**Science Kits - $1,000 Grant**
For grade-level specific inquiry-science kits that will boost continuity of inquiry-based instruction from grades K-6. These materials will improve science instruction and student performance as well as compliment current science curriculum.

**Wave Boards - $1,000 Grant**
This physical education equipment mimics all board sports. Teachers who are currently using the equipment report enhanced student interest in physical and aerobic conditioning.

2003-2004

**Earlybird Reading - $500 Grant**
Provides literacy materials for the before school reading program that uses community volunteers to assist Special Education and ESL students with their reading skills.

**Talknology - $1,000 Grant**
This program allows elementary and junior high students, staff and parents to assess and monitor communication growth through the use of a co-produced audio-video homework CD.

2002-2003

**Summer Reading Roundup - $135 Grant**
This reading curriculum gives students increased attention to their reading, writing and comprehension skills during the summer break

**Leveled Reading Book Tubs - $910 Grant**
This grant helps increase reading skills and strategies of first graders through books that are appropriate for the readers’ level of reading. These books provide opportunities for students to self select books to read at their own independent instructional level.

**Elementary Visual Arts - $600 Grant**
This Visual Arts program is offered through the after-school Swing Shift program. Students work towards the Washington State Standards in Elementary Visual Arts through art materials provided by this grant.

**Quilting Club - $250 Grant**
Quilters plan and complete a moderately complex project - creating a practical piece of art. They experience real-life application of math skills.

2001-2002

**Sciencing with Children: Observation Stations - $824 Grant**
Grant funds the purchase of scientific equipment: microscopes, eye loupes, gear sets, mini-motors, geo blocks, platform scales and magnetic marbles. Through experiments, the students learn science content through investigation and learn how to answer their own questions in a scientific setting.

1999-2000

**Summer School Program - $810 Grant**
The program helps students who are at-risk in reading, writing or math, to avoid or decrease that amount of regression that occurs during summer vacation.

1997-1998

**Crystal Springs Jump Start Reading - $1,000 Grant**
This program helps students improve who are at-risk of not meeting the district standards in reading.
EAST RIDGE ELEMENTARY

2018-2019

National Board Teacher Certification Scholarship
Emmy Hager, 3rd Grade

2017-2018

Ozobot Bit Robots
Kristina Schmidt – Grant Recipient – Impact: 1-2 Classrooms
To provide an exciting extension of the 4th grade TCI Waves & Information Study and allow for equitable access to materials that can be cost prohibitive for many families with the purchase of Ozobot Bit Robots for the 4th Grade Classrooms.

New Teacher Classroom Library
Wendy Hill

2012
Shelves

2011-2012
Elementary School Science Kit Refurbishment (District-wide)

2011
New Teacher Classroom Library - Maria Moore, Kindergarten

2009-2010
Kindergarten Concept Bags - $841 Grant
For Kindergarten Concept Bags (book bags): each week, students will bring home materials and core curriculum to reinforce what is being taught at school.

2007-2008
Supplemental Library Books - $975 Grant
For specific supplemental library books to build the Reading Strategies Library for Eastridge students and teachers.

Global Positioning Systems - $2,500 Grant
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

Physical Education Equipment - $2,000 Grant
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.
Boardmaker Activity Pad - $979.01 Grant
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

2002-2003
Reading, Thinking & Caring - $364 Grant
Learning Center students benefit from books designed to build reading skills through character education themes of friendship, honesty, and caring.
2018-2019

LAP At Home Reading Materials
Colleen Johnson - Impact: 100+ students
To provide color copies of LLI (Leveled Literacy Intervention) books that approximately one hundred LAP & ELL students will use over the course of a year.

National Board Teacher Certification Scholarship
Sarah Dos Remedios, 2nd Grade
Tara Evans, 1st Grade
Danyel Joyner, 1st Grade

2007-2008
Global Positioning Systems - $2,500 Grant
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

Physical Education Equipment - $2,000 Grant
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

Boardmaker Activity Pad - $979.01 Grant
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

2006-2007
Leveled Readers, 5 Grants at $1,000 each
Connecting Readers with Leveled Books at Home and School. This grant is for purchasing Rigby leveled readers that enable students school-wide to learn strategies and skills appropriate to their developmental stage in reading.

2005-2006
Leveled Readers - $5000 Grant
Connecting Readers with Leveled Books at Home and School

Elementary Music Guitar Instruction - $500 Grant
This grant supplements other funds to purchase a class set of acoustic guitars for grades 5 and 6. Students will expand musicianship, and practice fundamentals of music including melody, harmony and rhythm.

Leveled Reading Books - $1450 Grant
These books for first graders will enable students to learn and practice strategies and skills appropriate to their individual stage of reading development. Program aligns with state reading standards: EALR #1,2,3.
2004-2005
Connecting 1st Grade Readers with Leveled Books - $1000 Grant
These leveled reading books will enable students to learn and practice strategies and skills appropriate to their individual stage of reading development through guided reading, independent reading and shared reading at home.

2003-2004
Connecting 1st Grade Readers with Leveled Books - $500 Grant
Students learn and practice strategies and skills appropriate to their individual stage of reading development. They share their accomplishments with their parents and progress from learning to read to reading to learn.

1999-2000
Parallel Block Reading - $1000 Grant
The grant provides books for primary students that are emergent readers struggling within the existing curriculum.

1997-1998
Enriching Student Math and Science - $450 Grant
Students use math and science kits to record and interpret results.

Sciencing and Math Workshops - $1000 Grant
Teachers use structural engineering and architectural concepts to develop science and math skills.
2018-2019

Dramatic Play Kits
Regan Stanford - Impact: 100+ students
For creating a variety of Dramatic Play kits that will be rotated throughout 11 Kindergarten classrooms at Frank Love elementary each month.

National Board Teacher Certification Scholarship
Amanda Sympson, Kindergarten

2017-2018

Ukeleles for General Music Classroom
Karen Oie and Jina Park – Grant Recipients – Impact: 100+ students
Each class will play the ukuleles for 6+ weeks every year, with a performance at the end of the ukulele unit. The ukuleles will be used in every fourth grade general music for years to come.

New Teacher Classroom Library
Rachel Ziefle

2016-2017

Kiln Repair
Renee Nicholas (Cullom) - $575 Grant - Impact: 680 students
For repairs to the school’s kiln after it was damaged last year. The kiln is used for projects across all grades and will benefit the every student in the school for years to come.

New Teacher Classroom Library - Jessica Owen, 6th grade

2010-2011

Alternative Seating Options - $609.73 Grant
For alternative seating options for students to help facilitate improved attention in the classroom. Alternative seating options include Posture Wedges, Sit Discs, T-stools and Therapy Balls.

Newcomer/Buddy Independent Centers - $1000 Grant
To establish Newcomer/Buddy Independent Centers for English Language Learners. The grant will help purchase materials for writing activities, oral games and listening activities that will accelerate ELL students’ acquisition of language.

2007-2008

Global Positioning Systems - $2,500 Grant
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.
**Physical Education Equipment - $2,000 Grant**
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

**Boardmaker Activity Pad - $979.01 Grant**
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

**2001-2002**

**Jump into Reading and Writing - $1000 Grant**
This grant provides books, skill cards, and “I love to read and write” pencils for first graders. Students and parents are invited to a series of evening workshops promoting reading and writing. Teachers present practical strategies that can be used by parents as they work with their children to practice reading and writing.

**Summer School Jump Start - $1000 Grant**
Entering first, second and third graders, who are at risk for meeting standards in reading and writing, are invited to participate in a summer “Jump Start” program. This program includes a June-August reading/writing requirement, with completion of a journal, and a two-week intensive program prior to the opening of the school in August. Funds purchase the Rigby Sales Literacy Series.

**1999-2000**

**Read Naturally - $1000 Grant**
Students, grades three through sixth, are invited to attend an extended day program for five days, to improve reading comprehension, fluency and ability to retell stories.
HOLLYWOOD HILL ELEMENTARY

2018-2019

Gardening Curriculum Upgrades
Carolyn Kumar - Impact: 100+ students
The newly-adopted 1st grade science curriculum focuses on a Plants and Animal Unit. The grant will replace some older plants with hardy perennials, add birdhouses, a birdbath, create stepping stone to replace old pavers, purchase kits to test soil and compost to improve the planting areas, and seeds to grow vegetables.

High Interest Low Level Books
Becky Schock - Impact: 4th & 5th Grade Special Populations students
This grant project will provide high interest, low level texts in various genres and topics for upper elementary students who are currently reading below grade level.

Molbak’s Nature Education Grant
Carolyn Kumar - Impact: 100+ students
The funding for this project will provide the resources necessary to extend the garden to planting seeds that can be harvested in late spring and fall, replace aging plants with hardy perennials, replace cracked stepping stones and a damaged bird bath in the 17year-old garden.

Hi-Lo 1st Grade Books
Denise Waters for Lindsay Talbott and Nicole Lamba – Impact: 1-2 Classrooms
To provide high interest, low level texts in various genres and topics for 1st grade elementary students who are currently reading below grade level. The project will include both single copies of texts for independent reading as well as multiple copy sets for reading groups.

National Board Teacher Certification Scholarship
Kara Morrison, Kindergarten
Rebecca Schock, 5th Grade
Kristin Zimmerman, 3rd Grade

2017-2018

Hard-Backed Math Expressions White Boards
Christina Berg – Grant Recipient - Impact: 1-2 Classrooms
To engage student learning by providing a hard surface to work on the carpet and act as a prompt to discuss thinking, as well as a platform to allow the teacher to see the students’ thinking processes in “real time”.

Fine Motor Supports
Kara Morrison – $384 Grant - Impact: 100+ Students
To purchase fine motor activities and materials for three Kindergarten classes, to help correct improper pencil grips and increase hand muscle tone.

Raz-Kids Online Reading Program
Kara Morrison – $788 Grant - Impact: 1-2 Classrooms
To provide access to an individualized reading program that families can access from school, home and on the go for all three Hollywood Hill Kindergarten classes for 12 full months and potentially eliminating the summer slide. The impact will be shown by increased reading skills and a lifelong love of reading.

New Teacher Classroom Library
Elizabeth Bohlin

2016-2017

Prizes/Rewards for PBIS
JoAnn Todd - $200 Grant - Impact: 400 students
For incentives for the schools Positive Behavior Interventions and Supports (PBIS), which has successfully emphasized positive reinforcement of self-management and taking responsibility for learning.

Ukuleles purchase
Yuh-Pey Lin - $1000 Grant - Impact: 158 students
For most of a class set of ukuleles, to be used to enhance students’ musical education.

Heart Rate Monitors
Victoria Gray – $500 Grant – Impact: 450 students
For individual heart rate monitors which will introduce and teach intermediate elementary students about the benefits of cardio exercise. Students will deepen their understanding of how the body responds to exercise.

Project Read the Way
JoAnn Todd – $1000 Grant – Impact: 200 students
For book sets, particularly nonfiction options to be used in book club studies in second to fifth grade classrooms. These texts will augment the Lucy Calkins reading program already in use.

New Teacher Mentor Sound Discipline
Amanda Gonnsen
Helen Swanson

National Board Teacher Certification Scholarship
Rebecca Schock, 6th Grade

New Teacher Classroom Library

2015-2016

I Did It! Ipad for Learning Center Students at Hollywood Hill Elementary School
Kimberly Brook - $605 Grant – Impact: 14+ students
For iPad and apps to be used by Learning Center students in blended classrooms. Such adaptive technology will support and motivate these students.
2014-2015

**STEM education - $1000 Grant**
For an elementary pilot program of Project Lead the Way called Launch. This is connected to the next generation science standards and students will deepen their knowledge in the sciences including the engineering practice, and will have context to apply foundational reading and writing skills.

**New Teacher Classroom Library** – Jamie Moser

**Positive Behavior Intervention System Training**

2013-2014

**Reading Intervention - $1000 Grant**
Grades 3-6 Reading Intervention Program will provide teachers with the resources to provide specific teaching and learning to those targeted students who are reading below grade level.

2011-2012

**Elementary School Science Kit Refurbishment** (District-wide)

2011

**New Teacher Classroom Library** - Cally Ingram, 1st grade

2007-2008

**Global Positioning Systems - $2,500 Grant**
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

**Physical Education Equipment - $2,000 Grant**
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

**Boardmaker Activity Pad - $979.01 Grant**
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

2005-2006

**A Garden of Opportunities - $200 Grant**
These gardening materials enhance the school’s outdoor classroom and support FOSS science experiences: Pebbles, Sand and Silt, Bats and Birds, Plant Life Cycles and Butterfly Life Cycles.
2002-2003

Classroom Marimba Ensemble - $500 Grant
Students will explore traditional music of other cultures such as Ghana, South Africa, South America and the Caribbean with marimba-type instruments. In addition to building music skills, students increase their cultural awareness and appreciation of others.

2000-2001

6th Grade Technology Based Classrooms - $1000 Grant
In-Focus projector to aid group presentations and Internet-based lessons.

1998-1999

Looking Toward the Future…Applying What You Learn - $300 Grant
Students construct various hands-on projects to help practice and apply essential skills in communication, reading and math.

Looking Toward the Future - $300 Grant
This program helps special education students apply what they are learning to real life skills through hands-on projects.

1997-1998

Sammamish Splash - $1000 Grant
The students raise salmon eggs in an aquarium and release them into Little Bear Creek.
INGLEMOOR HIGH SCHOOL

2018-2019

ELL Classes Snack Program
Julie Westerbeck - Impact: Special Populations students
This grant funds a simple snack program with ELL students in Miss Westerbeck’s classes. In addition to making sure that at-risk students are nourished before studying, it is also a way to build community and offer caring support to students facing hardships.

National Board Teacher Certification Scholarship
Briahna Attebery, Science

Jonathon Wood, Social Studies

2016-2017

Nutritional items purchase
Julie Westerbeck - $750 Grant - Impact: 42 students
For snacks for ELL English classes, promoting nutrition and a sense of community among economically disadvantaged students.

Graphing calculators purchase_to be loaned
Teresa McCausland - $740 Grant - Impact: 7 students
For 7 more graphing calculators that are available for student check out, allowing all students access to an item critical to math success.

Social/Emotional Mid-Level Program Incentives at Inglemoor High School
Kyle Dehnert – $200 Grant – Impact: 12 students
For trinkets, toys and edibles to be used as tangible rewards and incentives for the social/emotional mid-level programs. These items will reinforce students’ positive behavior and work completion. (Partially funded by SEPAC)

National Board Teacher Certification Scholarship
Dawn Netzel, Social Studies
Northshore Schools Foundation Scholarship Winner
Edward Yang

Service Learning & Business Marketing Program Support
For student clubs who provide volunteer services during the Calling for Kids campaign

2015-2016
Northshore Schools Foundation Scholarship Winner
Mia Silverberg

Service Learning & Business Marketing Program Support
For student clubs who provide volunteer services during the Calling for Kids campaign

2014-2015
Service Learning & Business Marketing Program Support

Kenneth Lafavour
Elizabeth Maliwacki

Service Learning & Business Marketing Program Support
For student clubs who provide volunteer services during the Calling for Kids campaign

2012-2013
Novels for Mid-Level Special Education - $3000 Grant
This grant creates a cross-departmental, mid-level special education library that offers these students access to the same books being taught in the general education English Department but that are written at a level that meets their needs.

National Board Teacher Certification Scholarship
Gail Olson Laing, Counselor
Joanna Walker, English/LA
Mitchell Blackburn, Special Ed

Service Learning & Business Marketing Program Support
For student clubs who provide volunteer services during the Calling for Kids campaign
2011-2012

FIRST Robotics Program - $1000 Grant
To support high school students competing in the FIRST (For Inspiration and Recognition of Science and Technology) Robotics Program. The program provides students with the opportunity to explore robotics and engineering fields of study while learning key competencies for meeting academic standards and real life applications.

Service Learning & Business Marketing Program Support
For student clubs who provide volunteer services during the Calling for Kids campaign

2010-2011

Foundations in Personal Finance DVD - $1600 Grant
For the DVD set, “Foundations in Personal Finance”, an 18-week course where student will have weekly graded lessons and bi-weekly graded projects. Two of the goals of the course are recognizing how the national financial system works and the use of related life lessons to illustrate money application principals.

Spanish One & Two Materials - $2000 Grant
For Spanish Department to purchase new materials for Spanish One and Two.

National Board Teacher Certification Scholarship
Scott Henning

Service Learning & Business Marketing Program Support
For student clubs who provide volunteer services during the Calling for Kids campaign

2002-2003

Measure for Measure - $1000 Grant
Re-calibration of existing micro-pipets, used by students to experience authentic scientific investigations. Extends the useful life of the micro-pipets and ensures dependable experimental results.

2001-2002

Model United Nations - $1000 Grant
Funds registration for Inglemoor students to participate in the Model United Nations in Berkeley, CA and Washington, D.C.

Aesthetics as a Life Pattern - $1000 Grant
Provides a variety of art reference books, general art supplies, art curriculum guides, and maps for an Intensive Senior English class. “Teachers at IHS are requesting a grant to enhance our curriculum with art and guide our students towards an aesthetic perception that has probably been neglected by formal education and may seem revolutionary by traditional standards.”
2000-2001

Model United Nations - $1000 Grant
A nation-wide program to get kids interested in the United Nations and global politics.

Learning Center Audio - $700 Grant
Books on tape and Cliff notes to expand auditory and visual library of literature.

Inglemoor High School Medieval Feaste - $1000 Grant
A medieval Festival presented to the community.

1999-2000

Model United Nations - $1050 Grant
A nation-wide program geared towards getting students interested in the United Nations and global politics.

1998-1999

Turning the Other Cheek - $1400 Grant
Students construct real DNA fingerprints from their own cheek cells.

Learning Center Audio/Visual Supplementary Library - $800 Grant
This grant will be used to create an auditory and visual library of literature so students with disabilities can participate in the lessons more fully.

Multi-Media Readers Theater - $1000 Grant
Students put together a multi-media presentation around a theme and a time period.

A Vivid Image - $1000 Grant
Help improve the orientation of new students to the library, project speakers to audiences of teachers and parents, and allow students to produce projects on Hyperstudio/Power Point.

1997-1998

Thermal Cycler - $1000 Grant
Schools implement a new portion to the science program by adding a lesson on DNA processing.

Marriage of Creativity - $1000 Grant
At-risk students study poetry, chose a type, and then write and present their works to faculty and parents.
KENMORE ELEMENTARY

2018-2019

ELL Science Manipulatives
Michelle Gervaise, Sarah Hanika, Leia Cumberland, and Kim Broomer - Impact: 100+ students
This grant program is being used to supplement the district's newly adopted TCI science curriculum. The funds will purchase manipulatives, toys, games and read-clouds to specifically support ELL and students from low income households who have a limited background knowledge of the subject matter.

Molbak’s Nature Education Grant
Kim Boomer - Impact: 100+ students
For the purchase of plants to support the newly adopted kindergarten science curriculum.

National Board Teacher Certification Scholarship
Kim Broomer, Kindergarten
Christopher Brush, Library
Leia Cumberland, Kindergarten
Amy Matto, 3rd Grade
Darcia Myers, Elementary
Madeline Oakley, 1st Grade

2017-2018

KORE Chairs
Kim Menon –Grant Recipient – Impact: 100+ students
To better support early learners who struggle to focus and who need to build core strength with the purchase of 2 KORE chairs for all 4 Kindergarten classrooms.

New Teacher Classroom Library
Sarah Hanika

2016-2017

STEM/STEAM Classroom
Dana Plant – $982.82 Grant – Impact: 25 students
For STEM books and supplies to have an example STEM classroom. The first grade teacher will be able to weave all curricular learning goals to hands-on inquire-based problem-solving activities through the day, across all units of study.

Weather Books
Kerry Quinn – $1000 Grant – Impact: 75 students
For high-interest nonfiction books and small group book sets around the topic of weather. Weather is one of the science units for the second grade. These books will also help with the transition to the new NGSS standards which include the impact of wind and water on the land.

**2015-2016**

**Discovery Garden at Kenmore Elementary School**
**Dana Plant** - $1000 Grant – Impact: 480 students
For environmental and garden books, a bug hotel, top soil, plants and seeds to enhance and enrich the school’s Discovery Garden.

**National Board Teacher Certification Scholarship**
Leia Cumberland, Kindergarten
Madeline Smith, Kindergarten

**Staying Calm, Alert and Focused: Self-Regualtion in the Classroom at Kenmore Elementary School**
**Bridget Sachse** - $479 Grant – Impact: 480 students
For materials and training to incorporate the ZONES self-regulation framework and language currently used by the NSD Special Education department into the regular education programs.

**New Classroom Libraries**
Cassondra Warme-Prutsman

**Positive Behavior Intervention System Training**

**2014-2015**

**Cellos at Shelton View, Kenmore, Arrowhead, and Lockwood Elementary** - $3942 awarded
For two cellos to be used between Shelton View, Kenmore, Arrowhead, and Lockwood Elementary. There are currently 18 cellists sharing 9 cellos at school and three students without access to cellos at home. Over the life span of each instrument this project will fill an essential need for numerous disadvantaged students, positively build upon the existing string orchestra program and provide a unique opportunity to the many benefits of musical instrument education for students who would otherwise have insufficient access.

**New Classroom Libraries**
Kara McGrew

**New Teacher Mentor Sound Discipline**
2013-2014
English Language Acquisition - $1000 Grant
Students will be able to check out books and DVDs to use at home. Having exposure to these materials over a longer period will enhance students’ reading and language abilities while increasing their success.

2012-2013
Books Can Bring Us Together - $1000 Grant
This program provides leveled reading materials in both English and Spanish to break down the language barrier, develop independent readers, and open communication between home and school. These books will be incorporated into the school library for the summer months so they can be accessible during the summer reading program.

Ghanaian Master Drummer Artist in Residence - $1000 Grant
The grant will help sponsor a weeklong residency of Sowah Mesah as a part of the music program at Kenmore Elementary. Mesah works with all students at the school to create music and culture of an African musical genre that is the foundation of much of our modern music.

National Board Teacher Certification Scholarship
Keir Blades, 1st Grade

2011-2012
Elementary School Science Kit Refurbishment (District-wide)

2011
New Teacher Classroom Library - Jenna Wild, 1st grade
New Teacher Classroom Library - Sarah Sweeny, 4th grade

2010-2011
Reading Enhancement - $1000 Grant
To supplement the current collection of instructional books and materials with the goal of supporting early or struggling readers and linguistically diverse students in the areas of phonemic awareness, phonics, fluency, comprehension and vocabulary.

2009-2010
ELL Books - $1,000 Grant
For Higher Interest/Lower Readability Texts for ELL - supplementing leveled reading texts to support ELL students in non-fiction and fiction, making reading time more productive and keeping with Northshore’s Literacy Vision.

2007-2008

Non-Fiction Books - $960 Grant
For non-fiction books for grades 1-6. This will assist in teaching the non-fiction unit of study.

Leveled Reading - $1000 Grant
For leveled reading texts with strong vocabulary and picture support. The texts will augment the school’s collection with an emphasis in the fields of social studies, science and math.

Global Positioning Systems - $2,500 Grant
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

Physical Education Equipment - $2,000 Grant
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

Boardmaker Activity Pad - $979.01 Grant
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

2002-2003

Digi-Walking to a Healthy Lifestyle - $992 Grant
Pedometers are used to promote lifelong fitness habits. Students and staff are motivated to incorporate fitness into their everyday lives. All are challenged to find new ways to take more steps per day/per activity. Use of Digi-Walkers involves multiple curricular areas (math, science, PE) and age groups.

2001-2002

After School Enrichment – Brown Bag School - $300 Grant
The funds provide materials for after school enrichment projects for students who may be without childcare and would otherwise return home to an empty house. Children have no-cost opportunities to explore areas of interest such as Spanish, gardening, pottery, drawing, photography, environmental investigations, and technology.

2000-2001

Evening of Poetry - $200 Grant
An evening of poetry that culminates ten weeks of study.
KENMORE MIDDLE SCHOOL

2018-2019

National Board Teacher Certification Scholarship
Mehgan Colkitt, Science
Joe Dalanm English
Jeanne Flahiff, English

2016-2017

Nutrition items purchase_KJH Mentor Room
Eileen Jowell - $250 Grant - Impact: 200 students
To supplement healthy snacks for the school’s Mentor Room, an academic intervention for students struggling in or out of school.

IXL site license purchase
Amy Baker - $1305 Grant - Impact: 76 students
For a site license for IXL, a technology-based program to practice math and ELA skills for struggling students.
*Funding for this program came from SEPAC

National Board Teacher Certification Scholarship
Mehgan Colkitt. 9th Grade Science

2015-2016

Bringing High Interest Books to Low Level Readers at Kenmore Jr. High School
Shannon Korner - $860 Grant – Impact: 110 students
For three sets of high-interest, low level books that students in the special education program are able to read, comprehend, and make connections with.

2014-2015

New Teacher Mentor Sound Discipline
Kyle Dehnert
Carlos Lazo (also at SJH)
Alexa Larson (also at BHS)
Amanda Overdick
Hannah Todd

Positive Behavior Intervention System Training

2013-2014

Hang Time - $300 Grant
This program will provide afterschool classes and tutoring. Volunteers who help with these sessions are college students from UW Bothell, Cascadia CC, America Reads and other community members. They build positive relationships and provide positive role models while giving much needed help with assignments.

**New Teacher Mentor Sound Discipline**
Bergan (Stief) Walker

**2009-2010**

**Spanish Language Textbooks - $1000 Grant**
For Spanish language textbooks, replacing the 16-year old, outdated texts currently in use. These texts reflect the most current research on how students learn and become proficient language users. The curriculum provides students a solid foundation for beginning language learners.

**National Board Teacher Certification Scholarship**
Whitney Adkins

**2005-2006**

**Small Engine – How It Works! - $1000 Grant**
With these tools for work on both 2- and 4- cycle small engines, students will learn how the combustion engine works, apply their math, problem solving and mechanical skills and expand their knowledge of how math, design, physics and technology can work together.

**2001-2002**

**CO2 Car: Problem Solving for Speed! - $850 Grant**
Provides a new CO2 racetrack for Kenmore Junior High. Seventh and ninth grade tech-ed students design and manufacture a CO2 racecar that meets PITSCO Design Specification. The students utilize information gathered through studying aerodynamics, use CAD to draw a side and top view of the car and analyze their design using a wind tunnel. After they manufacture their car using power equipment, they culminate the project by pitting their car against another in a race.

**1999-2000**

**Academic Enrichment - $1000 Grant**
Brings in speakers on a variety of subjects to help students connect what they learn in school with how they will use it in real life.

**1998-1999**

**Paint Like Monet - $675 Grant**
After an extensive study of impressionism, the students take a day trip to the arboretum to study light and paint their impressions.
1998-1999

Tessellation T-Shirts - $800 Grant
Students create an original tessellation on the computer and make t-shirts from the design using a thermal screen printing process.
Diversity Books
Colleen McIntosh – Impact: Entire Elementary School
To create a wide selection of diverse books for students to be able to check out to read for their own enjoyment and growth, books for teachers to use as read aloud, and reading selections for teachers to check out for Professional development.

National Board Teacher Certification Scholarship
Dawn Hamilton
Kelly Keim
Kalin Liburd
Kimberlyn Woodard

Osmo Genius Kits
Katie Sabol – Grant Recipient – Impact: 100+ students
To help kindergarten students grow academically in both literacy and math using this interactive iPad app with multiple manipulatives that encourages teamwork.

Toymaker Workshop
Brooke Richards – Grant Recipient – Impact: 100+ students
To give the 2nd grade students a STEM opportunity to work together while playing multiple roles such as creator, mentor, engineer, scientist, and mathematician during an intensive, hands-on, and fun filled science workshop from professional toy inventor and nationally recognized educator, Rick Hartman.

Mock Newberry Program
Julie Alleman– Grant Recipient – Impact: 100+ students
To give the 5th grade students the opportunity to participate in the Mock Newbery Challenge in partnership with KCLS to read new, culturally diverse literature and engage in cross-grade level book clubs.

New Teacher Classroom Library
Christina Cariker
Caitlin Fellows
Courtney Molenda-Cook
Chantelle Troutman-Watson

Language Arts novels purchase_diverstiy
Erin Duffy - $500 Grant - Impact: 110 students
To increase the number and types of dynamic seating options and movement supports available to all classrooms via a loaner closet.
Seating movement purchase sensory
Hannah Lott-Harvey - $1000 Grant - Impact: 700 students
For diverse novels for the classroom, to reflect student diversity in both our district and our world.

Edusmart Science
Colby Bishop – $500 Grant – Impact: 150 students
For Edusmart Science subscription to be used in third grade classes. Edusmart is interactive and uses technology to facilitate science instruction.

Third Grade Toy Maker Workshop
Traci Edson – $910 Grant – Impact: 125 students
For an intensive, hands-on and fun-filled science workshop focusing on the Physics of Sound presented to third graders. Students will use simple hand tools to build a variety of toys that demonstrate important scientific concepts studied in the classroom.

Marimba Band
Yuh-Pey Lin – $1000 Grant – Impact: 785 students
For a marimba to enhance the existing classroom music program and as an after-school club providing students a meaningful music making experience and offering musical performances to build community relationships.

National Board Teacher Certification Scholarship
Colby Bishop, 3rd Grade

Amy Kostadinova
Margie Mueller
Positive Behavior Intervention System Training

2013-2014

Game Plan Charts & Visuals - $890 Grant
This program will enhance music education for Grades 1 and 2. By purchasing this equipment, teachers will be able to enhance the curriculum and engage students in active music making. Lessons will spark creativity and higher-level thinking skills.

New Teacher Mentor Sound Discipline
Sarah Epperson
Carmen Ponce
Kimberly Reiprich

2012-2013

Kokanee Garden Club - $1000 Grant
This program will engage students in the process of gardening by creating a learning lab that integrates science, math and service, while simultaneously creating a more beautiful campus, promoting pride, and enabling donations of fresh foods to those in need.

Kokanee Parent/Student Book Club - $1,000.00 Grant
This bimonthly book club will promote children and parents developing a relationship around high interest books and the healthy habit of reading while shoring up the skills of students who are at or below MSP standard. Parents will receive coaching/teaching in benchmark literacy strategies, allowing them to build a stronger home- to- school connection. The Kokanee Book Club educates, inspires and enriches the children in a fun social environment, involves parents in the literacy process, and creates lifelong learners.

2011-2012

Elementary School Science Kit Refurbishment (District-wide)

New Teacher Classroom Library - Megan Crane, 3rd grade

2010-2011

National Board Teacher Certification Scholarship
Kevin Comeaux - Kokanee
Dawn Hamilton - Kokanee

2007-2008
**Reader’s Workshop - $1,200 Grant**
For Reader’s Workshop materials for grades 4, 5 and 6. This program accommodates a variety of reading levels, instills a love of reading and strengthens student skills in comprehension, vocabulary, spelling and fluency.

**Scientist in Residence Program - $1,000 Grant**
This grant is to expand the Scientist in Residence program with non-fiction reading materials.

**Global Positioning Systems - $2,500 Grant**
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

**Physical Education Equipment - $2,000 Grant**
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

**Boardmaker Activity Pad - $979.01 Grant**
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

---

**2006-2007**

**Scientist in Residence Program –$1,000 Grant**
Supports collaboration from the community, a scientist and the school personnel in developing a link between the ELAR’s, the staff and the FOSS kits purchased by the Foundation for schools in the District.

**2005-2006**

**Scientist in Residence Program - $1000 Grant**
This grant supports the collaboration of the community, a scientist and the school personnel in developing a link between the EALR’s, the staff and the FOSS kits purchased by the Foundation for schools in the District. We see this as a valuable collaboration and the end product could benefit teachers throughout the District.

**2001-2002**

**Science Garden - $650 Grant**
Funds provide materials to build a 12 ft x 6 ft raised-bed garden which will be used to teach science. This bed joins a previous garden “which greatly enhanced students’ excitement and learning, but one bed was not sufficient for 24 students to work in”.

**Kokanee Reforestation Project - $400 Grant**
This grant continues a project begun by 4th and 5th graders in 2000 - 2001, which brought together students, parents, and the business community to reshape a barren hillside. The funds purchase native shrubs and trees. Students begin the fall by surveying the hillside. After mapping the site, a plan is drawn up, then plants are purchased in February and planted in March.

**2000-2001**

**Sciencing - $996 Grant**
Science kits to augment the science curriculum.
Kokanee Watershed Forest - $400 Grant
Hillside planting for hands-on science experience and promoting community involvement.

1998-1999
Reaching Kokanee’s Reading Goal - $700 Grant
Supporting Kokanee’s Tutorial program by adding books for young readers before and during school hours.

1997-1998
Kokanee Reading Goal - $700 Grant
Implements new reading techniques to aid at-risk students in their reading.

1996-1997
Reaching Kokanee’s Reading Goal - $800 Grant
Books for the Kokanee summer reading camp.

2016-2017

Career & Leadership Day
Audee Gregor - $1500 Grant - Impact: 849 students
For Career and Leadership Day this spring, primarily to cover the cost of a Leadership speaker for next year’s 8th graders.

Career Day Transportation, Supplies & Speakers at Leota Jr. High School
Obadiah Dunham - $1000 Grant – Impact: 820 students
For presenters, supplies, resources, and transportation to be used in a joint career day for 8th and 9th graders and a leadership day for 7th graders of Leota and Timbercrest Junior High Schools.

Career Day Transportation, Supplies & Speakers at Timbercrest Jr. High School
Joe Mismas - $1500 Grant – Impact: 797 students
For presenters, supplies, resources, and transportation to be used in a joint career day for 8th and 9th graders and a leadership day for 7th graders of Leota and Timbercrest Junior High Schools.

Ice maker to keep the Science Department Cool at Leota Jr. High School
Roger Haaland - $700 Grant – Impact: 820 students
For an ice maker to be used by students and teachers in science class experiments. Uses include 7th graders use of ice to learn about half-life and air pressure, 8th graders looking at convection and change of state, and 9th graders learning how to calibrate thermometers and determining freezing points.

Service Learning with National Honor Society at Leota Jr. High School
Zoe Parkman - $200 Grant – Impact: 200 students
For materials to be used in a service learning projects. Some projects would involve National Junior Honor Society members while others would involve all students. Examples would be writing post cards to military service people, teacher appreciation letters, Valentine’s cards to senior citizens, a clothing drive, campus clean up and assisting with the PTA canned food drive.

**Where Everybody Belongs (WEB) at Leota Jr. High School**
*Ryan & Kirsten Adams - $1000 Grant* – Impact: 700 students
For training and supplies to be used in the WEB (“Where Everybody Belongs”) program that provides 9th grade students with leadership skills to help 7th and 8th grade students transition into their first years of junior high.

**2014-2015**
*New Teacher Mentor Sound Discipline*
Erik Daviscourt
Thomas Guidon
Chris Yu

**Positive Behavior Intervention System Training**

**2013-2014**
*Middle School Transition Program - $1000 Grant*
To increase student achievement by supporting a Middle School Transition Program called “Where Everybody Belongs.” 9th grade students will be provided with leadership skills that will help 7th graders transition into their first year of junior high school. Student achievement is benefitted by improving school culture, developing student leaders, and increasing academic performance as a result of a safer, more supportive school environment.

*New Teacher Mentor Sound Discipline*
Shelby Sackman

**2012-2013**
*Middle School Transition Program - $1000 Grant*
To increase student achievement by supporting a Middle School Transition Program called “Where Everybody Belongs.” 9th grade students will be provided with leadership skills that will help 7th graders transition into their first year of junior high school. Student achievement is benefitted by improving school culture, developing student leaders, and increasing academic performance as a result of a safer, more supportive school environment.

**2010-2011**
*Student Book Project - $500 Grant*
For a book project that will contain a collection of original writing and photographs by students. The presentation of the project will be a book that unfolds with writing on one side and a photograph on the open page to visually show the main idea of the written text.

**2009-2010**
*Writing Enhancement Materials - $110 Grant*
For DVDs and books to enhance writing skills - LA Dept. of Professional Development plan to improve adolescent writers and implement standards-based assessments.

National Board Teacher Certification Scholarship
Ryan Adams
Blake Purnell

2006-2007
Leota Junior High Orchestra Program - $995 Grant
Provides for the purchase of a cello for the strings program.

2005-2006
Leota Junior High Orchestra Program - $995 Grant
Provides for the purchase of a cello for the strings program.

2003-2004
Sound and Waves - $1000 Grant
This equipment gives students an opportunity to see how sound, light and all energy is carried from one place to the next in the form of waves through a visual representation of waves.

1996-1997
Expanding Multimedia Opportunities - $700 Grant
This software helps with linguistic skills and allows students to demonstrate skills in art, music, and graphic design.
Lavone Browning - Impact: All Lockwood Elementary Students
For the purchase of culturally diverse read-aloud books. The funding of this project will increase awareness of racial and cultural diversity within the school community through the use of read alouds.

Bryce Wallace - Impact: 100+ 2nd grade students
To provide a six-week gardening mini-residency program.

Andrew Larson, 4th/5th Grade
Kathleen McConnel, 5th Grade EAP
Shirley Parrot, 5th Grade PACE
Kristina Saunders, 3rd Grade
Danielle Severson, Library

Adam Bacot – Grant Recipient – Impact: school-wide
To connect music in the classroom with real-life performance experiences.

Barbara Chessler – Grant Recipient – Impact: school-wide
The equipment in the Paws Den Sensory Room supports students by providing them space, tools and time to calm down, take a break, or get revved up, so they can be ready to learn. This new grant adds more equipment to this valuable school space.

Kristin Briefs, 5th Grade

Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

Boardmaker Activity Pad - $979.01 Grant
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

2006-2007
Forest Ecology at Olympic Park Institute - $500 Grant
Grant helps defray costs of 5/6 grade students who participate in an inquiry-based field experience in Olympic National Park. Students will gain an understanding of the intricate role of the forest ecosystem. Experience aligns with EALRs and Environmental Education Guidelines.

2005-2006
Forest Ecology at Olympic Park Institute - $500 Grant
This program is a unique on-site field science school where students explore and learn about the unique forest ecosystem of Olympic National Park while drawing comparisons with their own communities. They learn general principles of ecology and connect their own individual (human) role to larger systems. Curriculum aligns with Washington's EALR and Environmental Education Guidelines. The grant will supplement the cost of student registration ($159/child).

Math Games - $900 Grant
For additional core math games so that the Math Club can expand from 1st grade only to grades 1 through 6. These materials will provide an opportunity for Lockwood students to come together and play games that reinforce the math skills and concepts that are taught in the classroom.

Preparation for Learning - $300 Grant
For the purchase of equipment which is designed to enhance class attentiveness by students who have attention and focus issues.

2004-2005
Forest Ecology at Olympic Park Institute - $1000 Grant
This program is a unique on-site field science school where students explore and learn about the unique forest ecosystem of Olympic National Park while drawing comparisons with their own communities. They learn general principles of ecology and connect their own individual (human) role to larger systems. Curriculum aligns with Washington's EALR and Environmental Education Guidelines. The grant will supplement the cost of student registration ($159/child).

**Leveled Book Sets - $975 Grant**
These books are used for independent silent reading and home reading support. Each book is rated for the student's instructional or independent level of reading. This grant will give students access to interesting books they are able to read and give teachers materials that will extend the basal reading skills.

**2002-2003**
**Earobics Step 1-2 - $952 Grant**
For purchasing the Earobics Step 1-2 computer program that teaches fundamental listening and sound awareness skills. Older students benefit from learning language comprehension and following directions.

**2000-2001**
**Spring 2001 Mini-Unit, Pacific Northwest Bird Study - $1000 Grant**
A three-month study of birds with field trips, special training, and a guest speaker.
MAYWOOD HILLS ELEMENTARY

2018-2019

Flexible Seating, Handwriting Tools and Sensory Supports
Patricia Mossing - Impact: 100+ students
This funding allows the 2nd Grade Team to implement sensory tools in the classroom to support engaged learning.

World Peace Simulation Program
Deborah Fullerton - Impact: 100+ students
The funding for this program supports The World Peace Game, an interactive real-world simulation geared to grades 4-12.

Molbak’s Nature Education Grant
Deborah Fullerton - Impact: Entire Maywood Hills Elementary School
For the purchase of two portable walk-in greenhouses.

National Board Teacher Certification Scholarship
Selina Grieg, LAP
Scott Herman, 5th Grade
Renee Huizenga, Library

2017-2018

Food Forest
Renee Huizenga - S767 Grant
Gardening is the ultimate STEAM (Science, Technology, Engineering, Art and Math) activity Food forests help students develop a respect for the earth, get grounded in the earth and learn where food comes from, before it gets to the grocery store.

BreakOut EDU Kits
Renee Huizenga - Grant Recipient – Impact: More than one school
To provide an immersive learning experience where students work in cooperative groups to solve puzzles, which give them keys and codes to unlock boxes and eventually reach a prize in the last box. The benefits of BreakOut EDU extend beyond “winning”. Students, teachers and parents will build important academic and social skills as they solve puzzles and reinforce curricular concepts.

TenMarks Math Subscription
Kayla Valentino - Grant Recipient – Impact: 100+ students
To provide all 4th grade students with self-guided practice at home and at school that is based on the individual student’s needs. Students, families and teachers can work together to monitor and support progress and because TenMarks is an intuitive program it reaches each individual student and supports/pushes them at their level. The hope is that this program will help to eliminate opportunity gaps.

2016-2017

Food Forest
Renee Huizenga - $767 Grant
Gardening is the ultimate STEAM (Science, Technology, Engineering, Art and Math) activity. Food forests help students develop a respect for the earth, get grounded in the earth and learn where food comes from, before it gets to the grocery store.

Sensory supplies
Heather Thomson - $1000 Grant - Impact: 0 students
For sensory integration tools, such as flexible seating, that can be offered on a checkout system to students at the school on an as-needed basis.

Recycling_Composting supplies
Laura White - $291 Grant - Impact: 694 students
For biodegradable liners for kitchen composting to maintain the school’s environmental goals and programs.

Mountain of a Climbing Wall
Brittany Kitts – $1000 Grant – Impact: 500 students
For accessory packages for a new climbing wall to be used in PE classes. The packages will introduce lifestyle fitness, make the nutrition unit more active, and turn the climbing wall into a giant vertical puzzle.

Establishing Reading Partnerships
Katie Peffer – $876 Grant – Impact: 450 students
For leveled partnership reading books which will expand the work of the Friends for Maywood committee which has community volunteers working one-on-one with students. These books have formatting with text intended for the adult and student.

2011-2012
Elementary School Science Kit Refurbishment (District-wide)

2011
New Teacher Classroom Library - Leah Young, 5th grade

2010-2011
Learning Materials - $500 Grant
For materials including challenging puzzles, learning games and manipulatives that will enable teachers to better integrate the many academic and social goals they have for their kindergarten students. Their goal is to
provide daily opportunities for their students to process and apply new learning by working together in standards-based, language-rich, hands-on, active learning centers.

2009-2010

**Literature - $1000 Grant**
For books that will be used for weekend take-home reading and summer reading programs. Students will have the books necessary to keep reading and writing throughout the school year and summer.

**National Board Teacher Certification Scholarship**
Andrea Haas

2007-2008

**Global Positioning Systems - $2,500 Grant**
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

**Physical Education Equipment - $2,000 Grant**
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

**Boardmaker Activity Pad - $979.01 Grant**
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

2004-2005

**English Language Learning (ELL) Kits - $718 Grant**
Maywood has one of the highest ELL populations in the District (6th in October 2003). These materials will help students more quickly acclimate to the American school system, help students learn school-related vocabulary needed to be successful in class, increase success and maximize classroom learning, & provide support for and communication with families. Materials include a photo library of pictures of school items and key staff members (English and Spanish labels), language building games through bilingual Leap Pad programs, picture dictionary with English and Spanish labels for common everyday items.

2003-2004

**Step Up to Writing Improvement - $858 Grant**
These materials supplement Houghton Mifflin Language Arts curriculum and give students practice in writing organized paragraphs with detail. It will assist students in three specially designed transition classrooms and three 4th grade classrooms.

2002-2003

**Third and Fourth Grade Transition Classes - $1000 Grant**
Students become successful, independent readers. Two specially designed classrooms provide structured, consistent phonics instruction with the Phonics for Reading program for students who need additional time and practice.

2000-2001

**Rhythm and World Cultures - $756 Grant**
Used to buy cultural musical instruments.

**1999-2000**

*Accelerated Math - $913 Grant*

Program helps students meet state and District standards in math.

**1998-1999**

*Future Problem Solving Competition - $1000 Grant*

The Future Problem Solving, a nation-wide academic competition, gives school teams an opportunity to work together to propose innovative solutions to complex problems. Funds club awards, FPS materials and scholarships.
2018-2019

Dynamic Seating
Mary Neifert – Impact: 100+ students
This grant will fund 13 dynamic seating options, resulting in 2 different types of wiggle cushions for a quantity of 7, 2 Howdahug chairs, and 4 Kore stools chairs for kinesthetic learners.

National Board Teacher Certification Scholarship
Deborah Fullerton, 5th Grade
Kelly Griffin, Music
Kelly Jewell, 4th Grade
Janine Knapp, LAP
Allison Rataezyk, 5th Grade

2017-2018

Phonological Support
Milt Miller / Cathy Hink - $1500 Grant – Impact: 80 students
Unidentified phonological challenges mean that students can lose years of learning and not meet their full potential. This Lindamood Phoneme Sequencing Program (LiPS) will create a systematic approach to identifying students who struggle with phonological awareness. This will also allow Kindergarten teachers to provide intervention and proactive support setting students on a path for reading and writing success.

Drumming equipment at Moorlands and Crystal Springs
Mary Giordano & Kelly Griffin/ Jane Lin - $2000 Grant – Impact: 1300 students
The addition of Tubano drums will provide music student with opportunities to practice teamwork and cooperation while releasing creativity and learning relevant world cultural traditions. As a growing school, Moorlands has had to add a music room, this grant means more students get hands on instrument time.

Supports for Social/Emotional Regulation
Mary Niefert – Grant Recipient – Impact: School-wide
To help increase the participation, engagement and available time for learning for all students. The supports will help those students with different learning styles and especially those who learn best while moving.

New Teacher Classroom Library
April George
Megan Peekel

2016-2017

STEM Simple Machines
June Iwafuchi – $700 Grant – Impact: 860 students
For Simple Machines classroom kits offering students a cross-curricular, hands-on learning environment using LEGO Education WeDo®. These kits use the student’s understanding of simple and compound machines and elevates them to a 21st century level of creating real-life models of machines that can be programmed and automated. These kits will be available to all teachers as well as PTA math/science docents.

**Robotics & Coding in the Classroom**  
**Milt Miller – $700 Grant** – Impact: 860 students  
For a classroom starter set of Wonder Workshop robots. This is one way to bring enriching STEM education projects to early elementary school grades. Using coding and robots in the classroom will help students to learn fundamental processes which are relevant to all 21st century skills that will guide students throughout their lives.

**Let’s Move**  
**Deb Fullerton, Julia Smith, Michelle Wytko – $726.78 Grant** – Impact: 90 students  
For resistance bands, small balance pods and yoga mats to expand upon daily brain breaks using physical fitness routines in the non-PE classroom for second, fifth, and sixth graders. Increased focus after movement breaks correlates to improved focus during academic instruction.

**STEM Early & Simple Machines**  
**Cathy Hink – $700 Grant** – Impact: 860 students  
For Simple Machines classroom kits offering students a cross-curricular, hands-on learning environment using LEGO Education Early Simple Machines®. Students will develop problem solving, comprehension, communication, creativity, and critical thinking. These kits will be available to all teachers as well as PTA math/science docents.

**Ergonomic Supportive Seating**  
**Mary Neifert – $1000 Grant** – Impact: 860 students  
For Ergo Seats that provide just enough compression and rocking to support the wiggler, tapper, rocker and bouncer type of learner. Students with supportive seating who have the innate need to move are able to learn with the focus on the academics and less focus needed on sitting still. (Funded by SEPAC)

**Articulacy Honorarium at Moorlands Elementary School**  
**Cathy Hink - $1000 Grant** – Impact: 90 students  
For continued access to resources that provide kindergarten classes with access to over 1,300 leveled e-books and printable books.

**Avant Garde Software Apps at Moorlands Elementary School**
Kelly Duhamel - $806 Grant – Impact: 319 students
For essential iPad apps to be used by kindergarten through 2nd grade students so that learning time can be used efficiently and creatively.

GAMEPLAN: A K-5 Music Wish for all Kids & their Music Teachers at Moorlands Elementary School

Kelly Griffin - $955 Grant – Impact: 650 students
For the purchase of a music curriculum to be used in grades K-5 at multiple elementary schools providing more uniform development of students’ skills.

GAMEPLAN: A K-5 Music Wish for all Kids & their Music Teachers at Moorlands Elementary School

Twila Bartlow - $990 Grant – Impact: 633 students
For the purchase of a music curriculum to be used in grades K-5 at multiple elementary schools providing more uniform development of students’ skills.

GAMEPLAN: A K-5 Music Wish for all Kids & their Music Teachers at Moorlands Elementary School

Katherine Berry - $640 Grant – Impact: 825 students
For the purchase of a music curriculum to be used in grades K-5 at multiple elementary schools providing more uniform development of students’ skills.

GAMEPLAN: A K-5 Music Wish for all Kids & their Music Teachers at Moorlands Elementary School

Yuh-Pey Lin - $1000 Grant – Impact: 646 students
For the purchase of a music curriculum to be used in grades K-5 at multiple elementary schools providing more uniform development of students’ skills.

2013-2014

Nonfiction Mentor Texts - $1000 Grant
This program will build a collection of nonfiction mentor texts which will be used to model elements of good writing for students. Subjects will include people, mammals, birds and insects. By using these texts, the teachers will create a rich environment in which writing will flourish. Students will become stronger writers.

Motivated Movement - $950 Grant
Equipment will be purchased that will promote movement. Movement facilitates learning by increasing a student’s ability to pay attention.

New Teacher Mentor Sound Discipline
Justin Shaeffer
2011-2012
Elementary School Science Kit Refurbishment (District-wide)

“Greening” Science - $795 Grant
For “Greening” Science units of study at Moorlands Elementary; the sixth grade science curriculum will be enhanced to include the concept of sustainability through the implementation of a world-based understanding of water.

2011
New Teacher Classroom Library - Elizabeth Settle, 1st grade
New Teacher Classroom Library - Jenna Schmidtman, 5th grade
New Teacher Classroom Library - Marshall Weinstein, 5th grade

2009-2010
Audio CDs for Reading - $380 Grant
For Audio CDs that will help third graders to become proficient, fluent readers. Students will practice reading independently and be able to track their reading progress.

Pacific Rim Materials - $692 Grant
To replace outdated maps with current atlases and DVD videos of family life in six different Pacific Rim countries. These materials will augment the third grade curriculum and deepen students’ understanding of other peoples and countries.

Read Naturally Books - $1,000 Grant
For Read Naturally books to enhance literacy, fluency and comprehension for grades 1 – 6. Read Naturally is a fluency program helping struggling readers with individualized reading skill plans.

Foss Science Kit - $487 Grant
For an additional FOSS Variables Science Kit. This additional kit will allow more students to have “hands-on” experiences and will diminish the time teachers will need to complete the experiments.

2007-2008
Global Positioning Systems - $2,500 Grant
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

Physical Education Equipment - $2,000 Grant
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

Boardmaker Activity Pad - $979.01 Grant
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

2005-2006
Growing and Learning Together - $300 Grant
The indoor grow-lab that this grant supports will enable 1st and 6th grade students to engage in a yearlong exploration of the life cycle of plants. Supports NSD Science curriculum.

**2002-2003**

**Activity Stations - $100 Grant**

Materials provide for two activity stations. The activity stations, an integral part of the Moorlands curriculum, provide experiences in the areas of math, technology, art, science and music.

**1999-2000**

**Summer Jump Start - $451 Grant**

Used for a week long, half-day program to help students with difficulties to re-enter school more smoothly.
SOARing with FCCLA Club
Heidi Bush and Trudy Swain - Impact: 50 Special Populations students
Funding to involve both club advisors and several NMS classroom teachers to target specific supports for struggling students.

Brainpop Tool
Corey Wackerly – Impact: Special Populations
To raise student engagement in modified curriculum in the inclusion setting and to increase performance of English Language Learners (ELL) in the general education setting. Brainpop is a web based service with lessons in English, Math, Social Studies, Science that follow the Common Core State Standards, and some social skills and functional lessons.

National Board Teacher Certification Scholarship

WE Day 2018 - Corey Martin/ Colin White - $1000 Grant – Impact: 90 students
WE Day is a culminating, inspirational event for students who have performed both local and global community service activities during the school year. WE Day brings together world-renowned speakers and award-winning performers with thousands of young people to celebrate their contributions and kick-start another year of positive change. This funding provides staffing and fieldtrips support for the attendance of nearly 90 middle school students.

Innovative Teacher of the Year- Trudy Swain

Sensory supports for mid level classroom
Megan Lenz - $493 Grant – Impact: 20 students
Students in the mid-evel program will receive the sensory support they need to focus on learning through the use of a trampoline, a weighted blanket, theraputty, headphones and more.

Nutrition items purchase_NJH Mentor Room
Eileen Jowell - $250 Grant - Impact: 200 students
To supplement healthy snacks for the school’s Mentor Room, an academic intervention for students struggling in or out of school.

**Social/Emotional Mid-Level Program Incentives**
**Becky Berger – $200 Grant – Impact: 12 students**
For trinkets, toys and edibles to be used as tangible rewards and incentives for the social/emotional mid-level programs. These items will reinforce students’ positive behavior and work completion. (Partially funded by SEPAC)

**2015-2016**
**Multimodel Language Arts at Northshore Jr. High School**
**Becky Berger - $900 Grant – Impact: 15 students**
For boogie boards to be used by all Positive Behavior Intervention System students as a method to encourage students who dislike writing but enjoy and understand technology.

**REbel at Northshore Jr. High School**
**Trudy Swain - $1000 Grant – Impact: 350 students**
For the implementation of REbel, a student-driven education and prevention program designed to address eating and body image concerns. This is a pilot program at Northshore Junior High with the hopes of implementing at other schools in the future.

**2014-2015**
**Fox in the Kitchen - $1000 Grant**
This program supplements the regular tutoring and mentoring that occurs as a part of the hang-time program by providing students at Kenmore, Skyview and Northshore Junior Highs the opportunity to participate in the Fox in the Kitchen cooking class which teaches proper food handling, science and team work.

**Ereader Tablet Devices - $1000 Grant**
For 5 ipad mini tablets to motivate reluctant struggling readers by providing digital content. Tables provide the ability to mask their remedial reading level, sometimes revealed by book covers or size of the book. This pilot program will allow the assessment of accurate costs, content management and other issues around e-readers for application to more students in the future.

**New Teacher Mentor Sound Discipline**
Kelsey Phillips (also at BHS)

**2013-2014**
**Hang Time - $300 Grant**
This program will provide afterschool classes and tutoring. Volunteers who help with these sessions are college students from UW Bothell, Cascadia CC, America Reads and other community members. They build positive relationships and provide positive role models while giving much needed help with assignments

**New Teacher Mentor Sound Discipline**
Kurt Snyder

**2010-2011**
“Why Try” Curriculum - $500 Grant
For “Why Try” Curriculum to reach and motivate the struggling learners. The curriculum consists of 10 lessons that have shown to improve academic achievement, reduce truancy and increase graduation rates.

**Spanish Language Textbooks - $1000 Grant**
For Spanish language textbooks, replacing the 16-year old, outdated texts currently in use. These texts reflect the most current research on how students learn and become proficient language users. The curriculum provides students a solid foundation for beginning language learners.

**2002-2003**

**Measure for Measure - $1000 Grant**
Re-calibration of existing micro-pipets, used by students to experience authentic scientific investigations. Extends the useful life of the micro-pipets and ensures dependable experimental results.

**1997-1998**

**Thermal Cycler - $1000 Grant**
Schools implement a new portion to the science program by adding a lesson in DNA processing.

**1996-1997**

**Global Safari - $500 Grant**
Purchase books on Africa and Europe. Students create projects presented to parents and students.
2018-2019

**Art with Heart Workbooks**
*Amy Strandy - Impact: 100+ students*

The purpose of "Art with Heart" is to bring the healing power of creative expression to kids facing trauma or adversity. This curriculum will be utilized by four teachers during Social Emotional Learning/Advisory time in the 2018/19 school year.

**Nutritional Support**
*Amy Strandy - Impact: 100+ students*

This program funding allows students to be given access to snacks and water bottles in the Northshore Networks office, consulting teacher offices and the classroom at any time during the school day.

2016-2017

**Snack Food**
*Amy Strandy – $500 Grant – Impact: 150 students*

For snacks and water bottles available to students in the Northshore Networks office, consulting teacher offices and classrooms at any time during the school day. Growing students need food to feed their brain and to develop the skills needed to be successful in school.

2014-2015

**Snack Food - $1000 Grant**

This grant provides nutritional snack for students during their consulting sessions and cohort classes. By giving these students access to healthy food options this grant helps learners to have the opportunity to be able to excel academically and meet their highest potential.
NORTHSHORE PRIMARY CENTER

2016-2017
New Teacher Mentor Sound Discipline
Kelly Grindley

NORTH CREEK HIGH SCHOOL

2018-2019

Aspire Behavior Support
Julie Trembath-Neuberger - Impact: Special Populations students
The funding of this program provides incentives for the positive behavior support programs in behavior classrooms.

Spectrophotometer
Michaela Heeb-Kelly – Impact: 100+ students
To enable students to be environmental champions by precisely analyzing - presence and concentrations of elements – from a variety of water samples (campus, neighborhood, etc.), document and prepare a presentation on the water quality and propose solutions that will directly affect human impact on the environment.

National Board Teacher Certificate Scholarship
Ashley Andrews, ESL
Cynthia Bentzen, English

2017-2018

Seattle Art Museum Figuring History Exhibit Field Trip
Britt Martin – Grant Recipient – Impact: 100+ students
To expose students to a broader range of historical perspectives on black culture, after which each student will create an art project related to their personal narrative.
SECONDARY ACADEMY FOR SUCCESS HIGH SCHOOL

2018-2019

Friday Community Outings Funding
Shannon Peddycord and Tony Olney - Impact: all Middle School and High School students
The grant funding for this program serves to fill the gap between available District funding and actual costs of small group hands-on learning field trips taken during the Friday block schedule at SAS.

Non-fiction Books for School Library
Cheryl Steenson – Impact: Entire Middle School or High School
This grant would allow the library to purchase around 100 nonfiction titles for the library.

National Board Teacher Certification Scholarship
Robert Morgan, Math
Cheryl Steenson, English

2017-2018

No Desks Allowed - Community Learning excursions
Shannon Peddycord/ Tony Olney - $4000 Grant – Impact: 150 students
"No Desks Allowed" is not a new project, but it is one that impacts an incredible number of vulnerable students in ways that simply could not be done in a traditional school setting. By giving students the rare opportunity to get out of their classroom seats, and get into the real world, they experience learning in a way that is literally "outside the box!" It provides struggling learners positive interactions with not only the subject matter at hand, but interpersonal relationships -- something desperately needed by today's youth. With no PTA source of funding, Foundation support is almost unmeasurable in its value to our students. Ask former SAS students years later, "What did you like most at SAS?" and you'll almost certainly hear, "I loved the field trips." That's learning as it's meant to be -- lessons that last a lifetime.

Stand Tall: Tall Desks & Chairs
Jeanne Alonge - $2000 Grant – Impact: 120 students
Stand-up Alpha-desks will provide alternative seating to students who need to stay engaged in classroom learning. Students who use standup desks show a 12-15% increase in classroom engagement and a 3-5% increase in test scores.

Career & Community Leadership Projects
Barbara Wilson - $500 Grant – Impact: 10 students
Family and Consumer Science comes to life in Mrs. Wilson’s classroom where she prepares them with life-long skills of community service - creating knitted items for charities in the community and the knowledge and ability to get a job because they can now pass and attain their food handlers permit.

2016-2017

No Desks Allowed!
Shannon Peddycord – $2000 Grant – Impact: 150 students
For field trips allowing students to go out into the real world for first hand experiences. Annually, SAS makes trips to the Skagit River, Deception Pass, Nisqually River Delta, Mt. Rainier, Mt. St. Helens, Boeing, Duwamish River Delta, Discovery Park, Frye Art Museum and more.

Music Program
Robert Morgan – $2000 Grant – Impact: 25 students
For the continuation of the SAS Music Program. Students and teacher work together with a local professional musician and producer to practice and write songs and prepare performances.

Learning to Love Literacy
Cheryl Steenson – $556.63 Grant – Impact: 135 students
For audiobook copies of the majority of existing literature circle texts to be used in ELA course work, special education and study skills classes. (Funded by SEPAC)

National Board Teacher Certification Scholarship
Robert Morgan

Northshore Schools Foundation Scholarship Winner
Kinley Petro

2015-2016
Bridge to the Running Start at Secondary Academy for Success
Cheryl Steenson - $1000 Grant – Impact: 160 students
For field trips and mini-scholarships to support students as they take Running Start courses. Students will visit area colleges, participate in campus tours, experience campus life by visiting dining, library, and bookstore facilities. Mini-scholarships will provide students with fees for community college placement test, Running Start textbooks, and fees for Orca cards.

No Desks Allowed! at Secondary Academy for Success
Shannon Peddycord - $850 Grant – Impact: 100 students
For field trips so that students can experience learning first hand. An example would be a trip to Mt. Rainier where park rangers assist along the trail and help students understand the importance of keeping a balance between nature and modern society.

No Desks Allowed! at Secondary Academy for Success
Tony Olney - $850 Grant – Impact: 150 students
For field trips so that students can experience learning first hand. An example would be a trip to Mt. Rainier where park rangers assist along the trail and help students understand the importance of keeping a balance between nature and modern society.

Music Performance at Secondary Academy for Success
Robert Morgan - $1000 Grant – Impact: 25 students
For a local professional musician and producer to work with students as they practice, write, and prepare performances for the school. In addition, students take an annual field trip to the Art Institute of Seattle to record their work in a recording studio.

Innovation in Education Award
Robert Morgan

National Board Teacher Certification Scholarship
Cheryl Steenson, English
Heatherjoy Boi, Counselor

2014-2015
Experiential Learning in Contemporary World Issues - $1000 Grant
This grant will fund guest speakers and materials allowing students to make real world connections to classroom topics, helping them prepare for their future and understand more clearly how to be a global citizen.

Music Production and Performance - $2000 Grant
For this incentive based music production and performance program which has proven to improve student academic performance, improve attendance, increase self-confidence and creates an environment of creativity and mastery for near 25% of enrolled students.

New Teacher Mentor Sound Discipline
Clea Fryer (also at SJH)

2013-2014
Professional Musicians - $1000 Grant
SAS students have the opportunity to write music, play instruments, set up equipment and help with recording. Having a music program with professional musicians will help SAS students feel more connected to school, increase the on-time graduation rate, increase community partnerships supporting student learning, and provide the opportunity for professional instruction.

Yoga Equipment - $1000 Grant
To buy yoga equipment and supplies so that SAS students will have another PE option to earn credits for graduation.

Student Recognition - $75 Grant
Materials will be purchased to use as incentives to give to students for “doing the right thing.” Students who are recognized for doing well will help build a more positive school atmosphere, improving both school pride and attendance.

2012-2013
Literature Circles - $1000 Grant
This program provides students with a selection of high quality books that interest students and meet their reading needs, while enabling a small group experience where students increase analytical thinking skills and use text to support a position. This engaging English program provides student with a literacy-enhancing experience that honors the individual while promoting a sense of belonging.

2011-2012
Library Collection - $2500 Grant
This special one-time request will be used to purchase high interest fiction books, best selling and award winning books, and nonfiction books that support classroom curriculum.
Sustainable Learning Project - $250 Grant
The entire student body will work on site at 21 acres, a sustainable farm in the Sammamish Valley, on ongoing organic farm projects that encourage service learning and environmental stewardship.

Music Production and Performance Program - $500 Grant
For the music production and performance program at the Secondary Academy of Success. This incentive-based program has been proven to improve student academic performance, improve attendance, increase self-confidence and creates an environment of creativity and mastery for students.

2010-2011
Library Books - $1000 Grant
For books to augment their existing library.

Adaptive Equipment - $971.70 Grant
For adaptive equipment for the classroom to help improve students independence and communication skills. The wireless gumball switch and super switch can be used with computer programs, kitchen appliances, adaptive toys and radios. The talk 8 w/ Environmental controls and adapted wireless Appliance controls will help students improve independence in different life skills areas.

2009-2010
Sustainability Program - $450 Grant
For Sustainability Program in Woodinville - Students are participating in a hands-on volunteer experience on an organic farm, encouraging team work, a sense of belonging to a community and acquiring green and outdoor knowledge.

Literature Circles - $1,000 Grant
For the creation of Literature Circles at SAS - The goal is to establish a literature circle, providing sets of fiction and non-fiction books that are thought-provoking, challenging and engaging; encouraging readers at all levels.

2006-2007
Pacific Northwest Blues in the Schools - $1041 Grant
Supports partial funding for the Pacific Northwest Blues in the Schools program and provides an opportunity for SAS students to study music. No music program currently exists at SAS.

21 Acres Project - $1000 Grant
To support the third year of a partnership between SAS and 21 Acres Project that provides students with a meaningful service opportunity. In addition to building strong relationships between the school and the community, students experience an increased knowledge and awareness of environmental issues.

2005-2006
SAS Library - $1,000 Grant
To begin a permanent collection of books for the SAS library with high-interest, award winning books. These books will support classroom curriculum such as the Freshman Project, Culminating Project as well as the current English curriculum.

Blues in the Schools - $1041 Grant
This is a request for partial funding for the Pacific Northwest Blues in the Schools program. The secondary alternative program has no music program.
**Back to Basics! Books! - $1000 Grant**
This grant will purchase print resource materials necessary for student research. Currently, the only access is through on-line sources. In order to complete required Freshman and Senior Projects, students need access to reliable, thorough and updated research materials.

**2004-2005**
**Project READ - $1000 Grant**
There is no school library at SAS. This grant will purchase 154 books on a variety of high interest fiction and nonfiction topics. Hereafter this library can be augmented annually from a designated library budget from the District.

**1998-1999**
**Outdoor Education - $600 Grant**
Provides special education students and at risk youth with opportunities to learn about their community and their environment.
SHELTON VIEW ELEMENTARY

2018-2019

National Board Teacher Certification Scholarship
Deborah Engelbrekt Stone, ESL
Alison Thurman, 1st Grade
Jessica Van Deusen, 3rd Grade

2017-2018

RazKids Reading Program
Marcie Morgan and Dana Fialdini – Grant Recipients – Impact: 100+ students
To provide access to an individualized reading program with accompanying storage/charging cart, tablets and headphones. This program will help support ELL students who are not hearing the phonemic sounds needed to learn the speaking, reading and writing skills in the English language.

RazKids Reading Program
Dana Fialdini and Shannon Hobbs – Grant Recipients – Impact: 1-2 Classrooms
To provide access to an individualized reading program with accompanying KindleFire tablets and headphones. This program will help support ELL students who are not hearing the phonemic sounds needed to learn the speaking, reading and writing skills in the English language.

New Teacher Classroom Library
Scott Chrisman
Emily Price
Nicole Redd

2016-2017

Mobile Listening Center
Marcie Morgan – $1000 Grant – Impact: 150 students
For a mobile listening center to be shared between all the first grade classes. The center will include headphones, quality literature on audio and music with lyrics that students can read and follow along.

Grow Lights
Sallie Hartman – $1000 Grant – Impact: 450 students
For grow lights to allow first and third graders access to hands-on study of the flowering plant life cycles. Students will be able to make observations, collect data, and compare growing systems.

New Teacher Mentor Sound Discipline
Chnita Hardy
Malisa Spencer

National Board Teacher Certification Scholarship
Allison Thurman, 2nd Grade
New Classroom Libraries
Shannon Hobbs

2015-2016
Curriculum and Games for After School Math Program at Shelton View Elementary School
Mary Hill - $1000 Grant – Impact: 36 students
For materials to be used by below grade level 1st, 2nd, and 3rd grade students in an after school math program.

2014-2015
Art Learning Supplies - $1000 Grant
This program increases students’ artistic perception of relationships and applications of art which are valuable components in child development by providing art supplies for Second graders. Students will demonstrate understanding, appreciation and respect for the use of community art tools and develop competencies and creative skills in problem solving, communication and management of time as contributing factors to lifelong learning.

Intensive Reading Intervention - $1000 Grant
This program provides students with a selection of high quality books that interest students and meet their reading needs, to help bring all students to reading standard by third grade.

Cellos at Shelton View, Kenmore, Arrowhead, and Lockwood Elementary - $3942 awarded
For two cellos to be used between Shelton View, Kenmore, Arrowhead, and Lockwood Elementary. There are currently 18 cellists sharing 9 cellos at school and three students without access to cellos at home. Over the life span of each instrument this project will fill an essential need for numerous disadvantaged students, positively build upon the existing string orchestra program and provide a unique opportunity to the many benefits of musical instrument education for students who would otherwise have insufficient access.

New Teacher Mentor Sound Discipline
Sarah Flores
Shannon Hobbes

2013-2014
Tier 2 Intensive Reading - $1000 Grant
This program will provide reading intervention and support for all students in reading and writing. By using leveled books and materials, students will be provided with additional support and instruction on a daily basis. The program is specifically designed to target the most vulnerable students who read below standard, but all students who participate will benefit.

2011-2012
Elementary School Science Kit Refurbishment (District-wide)

2011
New Classroom Libraries
Alison Thurman, 2nd grade
Kylie Lindner, 3rd grade
**2007-2008**

**Global Positioning Systems - $2,500 Grant**
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

**Physical Education Equipment - $2,000 Grant**
Upgraded the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

**Boardmaker Activity Pad - $979.01 Grant**
Purchased a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

**2003-2004**

**Shelton View Traveling Readers - $500 Grant**
This program builds a partnership with families to enhance individual reading opportunities for each Shelton View student. Expands the take-home book collection so that more students can participate.

**2002-2003**

**Traveling Readers - $1000 Grant**
First and second graders have the opportunity to share their reading skills at home with materials that are appropriate to their level of reading. This helps ensure reading success for all.

**Seeds to Soup - $800 Grant**
Provides individual, hands-on experiences with planting and growing seeds and making “connections” related to where the food we eat comes from and how things are inter-related in our world.

**1999-2000**

**Bass Marimba - $1000 Grant**
Purchases a bass marimba for the music room.
SKYVIEW MIDDLE SCHOOL

2018-2019

National Board Teacher Certification Scholarship
Bret Geller, Health/Fitness
Rebecca Kull, Science
Russell Monsef, Health/Fitness
Dale Richardson, Math
Theresa Slater, Math

2017-2018

Robots for the Robotics Club
Chris Seeley - Grant Recipient - Impact: 1-2 Classrooms
To enable Robotics Club students to use the VEX IQ robots to solve specific tasks and learn how to work together and enjoy being part of a team.

National Board Teacher Certification Scholarship
Lauryn Ernster, English
Kathryn Hicks, Math
Kristina Stark, English
Lindsey Yates, Math

2016-2017

Outdoor Classroom project
Jon Bahr - $2000 Grant - Impact: 1050 students
For an outdoor classroom project to provide a dedicated learning space within the school’s Outdoor Environmental Learning Center, with work benches, display board, and wireless access.

Career Day
Frank Dellino – $700 Grant – Impact: 1000 students
For speakers and supplies for a school-wide career day which will foster thinking about students’ interests and possible career paths.

National Board Teacher Certification Scholarship
Theresa Slater, Math

2015-2016

National Board Teacher Certification Scholarship
Russell Monsef, Health/Fitness
Patrick Williams, Health/Fitness
Leslie Tuomisto, Special Ed

2014-2015

Fox in the Kitchen - $1000 Grant
This program supplements the regular tutoring and mentoring that occurs as a part of the hang-time program by providing students at Kenmore, Skyview and Northshore Junior Highs the opportunity to participate in the Fox in the Kitchen cooking class which teaches proper food handling, science and team work.

New Teacher Mentor Sound Discipline
Lauryn Ernster
Elizabeth Feuer
Cami Fink
Clea Fryer (also at SAS)
Carlos Lazo (also at KJH)
Ardath Miller
Kristina Stark

2013-2014
Arduino Microcontroller Lab Kits - $1000 Grant
For the purchase of ten Arduino Microcontroller Lab Kits that allow students in grades 7/8 the opportunity to connect with robotics and electronics studies. The projects can be individualized for different abilities. The programming and problem solving promotes logical thinking that better prepares students for advanced math and science.

Hang Time - $300 Grant
This program will provide afterschool classes and tutoring. Volunteers who help with these sessions are college students from UW Bothell, Cascadia CC, America Reads and other community members. They build positive relationships and provide positive role models while giving much needed help with assignments

New Teacher Mentor Sound Discipline
Brian Spencer

2012-2013
Naturalists in Training - $600 Grant
For the Outdoor Environmental Learning Center & Naturalist-in-Training Program: this completes a multipurpose, 190-yard wetland trail that acts as a learning center for the Life Sciences studies, as part of the cross-country course, and as a trail for community members. The grant also supports the Naturalist-in-training process where students become certified in environmental actions and act as a mentor to other students utilizing the Learning Center.

2011-2012
Naturalists in Training - $1000 Grant
This student and community-centered project will provide practical and theoretical experience about environments and environmental management. The Naturalist-in-Training Program will extend the existing Outdoor Environmental Learning Center’s reach and increase the student leadership and relevant job training aspects of the center’s current scope.

2005-2006
Skyview Environmental Studies Park - $500 Grant
This grant assists in establishment of an environmental learning space adjacent to Skyview Junior High. This unique space will provide hands-on environmental service and stewardship opportunities, supports WA State EALRS in Science, Social Studies and Language Arts and invites student opportunity, discovery and creativity.
2002-2003
World Percussion - $500 Grant
Supports an elective World Drumming Class with hand-drums, bells, shakers from Africa, South America and Asia.

Exotic Sculpture Workshop - $1000 Grant
A 10-week basic sculpture class where students create bronze and cast glass sculptures. Art work celebrated on the Skyview webpage and in their newsletter.

2000-2001
Skyview Tree Project - $400 Grant
Tree planting to enhance the science curriculum.
SORENSON EARLY CHILDHOOD CENTER

2018-2019

Diversity Books
Andrea Zager - Impact: Special Populations students
The grant funding for this project aims to provide students, families, and staff at SECC with enhanced access to diverse resources from a collection that is relevant, inclusive, and free of bias.

Tables and Chairs for Occupational and Physical Therapy
Paula Busch – Impact: 100+ students
Funding for tables that will adjust in height so students' feet touch the floor and elbows are at the correct height to reach for, access, and manipulate educational tools and materials. We consider this project to be essential as we are currently using old tables that do not adequately fit developmental size of many of our students.

2017-2018

Therapy tables & chairs purchase_SLP room
Yvonne Brooks - $1000 Grant – Impact: 100 students
Sorenson Early Childhood Center is an innovative school that serves students with special needs and Ready Start students under 5. Adjustable tables and chairs allow them to serve the individual needs of students instead of a one size fits all solution.

Therapy tables & chairs purchase for Therapy Room
Jan Webb – Grant Recipient – Impact: 100+ students
To purchase an adjustable therapy table and three supportive chairs for the speech and language therapy department. These will better accommodate children’s seating/positioning needs and provide all students equal access to materials.

Childshape Chairs & Height Right Chairs
Jackie Dierksen – Grant Recipient – Impact: All Special Population Students
To provide appropriate seating for preschool children with speech and language delays. Chairs which meet the students’ physical and sensory needs will keep them more engaged and focused during one-on-one sessions with a speech therapist, improving the outcomes for students with special needs.

2015-2016

Adjustable Height Tables at Sorenson Elementary School
Katie Barnes - $875 Grant – Impact: 22 students
For tables that adjust in height so that students in the preschool classroom serving children with special needs can have their feet touch the floor and elbows at a correct height for maximum balance and stability.

2013-2014

Height Adjustable Tables - $985.50 Grant
This grant will offer Sorenson students appropriate seating/tables for their size. Appropriate table heights during seated activities can affect vision, range of motion, trunk stability, core control, upper extremity function, and head control. With adjustable tables, each student will be able to be seated properly for maximum learning.
2012-2013
Activity Room Floor Mats - $1000 Grant
This grant augments the current number of mats and transforms the existing space into a fun, safe learning environment outside of the classroom that promotes physical therapy, occupational therapy, group activity, and recess.

2011-2012
Activity Room Dividers - $800 Grant
For the purchase of activity room dividers to allow the optimum utilization of the multi-purpose space and enhance the learning environment for all children.

2006-2007
Learning Through Images - $300 Grant
To support an ongoing project that encourages students and staff to learn the processes involved in photography.
2018-2019

Bee-Bots Robots
Julie Rinearson - Impact: 1-2 Kindergarten classrooms
This project funding provides 8 programmable floor robots called Bee-Bots. Bee-Bots help students learn complex thinking and coding skills that are important for 21st century learners.

National Board Teacher Certification Scholarship
Heather Arnold, Music
Nicole Bradley, 1st Grade
Julie Rinearson, Kindergarten

2017-2018

Classic Books 3rd grade EAP
Tricia Billes - $239 Grant – Impact: 24 students
Children in EAP classes are often lacking appropriate reading material because age appropriate, challenging, and engaging books are hard to find. This grant means that students will have access to literature that has stood the test of time and will challenge gifted readers enhancing future learning.

2016-2017

Maker Cart
Steve Hopkins/Juleen Vache - $450 Grant - Impact: 415 students
For a portable Maker Cart to encourage innovation and experimentation across all grades.

National Board Teacher Certification Scholarship
Alicia Herron

New Teacher Classroom Library
Rachael Kennedy

2014-2015

New Teacher Mentor Sound Discipline
Krista Vetterlein

2013-2014

Hands-on Garden - $1000 Grant
Students will work together to develop a sustainable hands-on garden program. Gaining access to a greenhouse and gardens will provide a unique way for teachers to integrate and reinforce curriculum across subject areas.

2011-2012

Elementary School Science Kit Refurbishment (District-wide)
2010-2011
National Board Teacher Certification Scholarship
Jessica Darling

2007-2008
Graphic Books - $1,000 Grant
For a collection of graphic fiction and non-fiction books. Students learn in different ways and deal with vastly different life circumstances.

Global Positioning Systems - $2,500 Grant
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

Physical Education Equipment - $2,000 Grant
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

Boardmaker Activity Pad - $979.01 Grant
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

2006-2007
Book Room Project - $500 Grant
For Guided Reading Booksets for the new intermediate Book Room Project that is being developed.

2005-2006
Book Room Project - $500 Grant
For Guided Reading Booksets. Sunrise is developing an intermediate Book Room Project and is requesting $1,000 in funding to support this program.

2002-2003
Presidential Active Lifestyle Program - $972 Grant
Motivation for students to begin and maintain physical activity as a regular part of their lifestyle through the use of pedometers and a Lifestyle Log.

1999-2000
Success for Life - $460 Grant
Program teaches special education students how to start and maintain a garden, how to organize bake sales and luncheons, and basic currency skills as they learn the elements of running a business.

1996-1997
Physics with Everyday Materials - $700 Grant
Acquisition of equipment for students to demonstrate and explore physics concepts.
TIMBERCREST MIDDLE SCHOOL

2018-2019

Molbak’s Nature Education Grant
Maureen Juenger - Impact: All students
For the purchase of materials necessary to build worm bin buddy benches. Students will build a composting system by making a worm box that will also be used as a friendship bench.

Computer Numerical Control Machine
Eric Wilcox – Impact: 100+ students
For the purchase of a new CNC mill machine for the Timbercrest Middle School CTE program. These types of machines are industry standard in engineering and provide students with endless design possibilities.

National Board Teacher Certification Scholarship
Sara Ives, English
Duane Primc, Math
Nancy Timson, Library

2016-2017

Career & Leadership Day
Joe Mismas - $1500 Grant - Impact: 750 students
For Career and Leadership Day this spring, primarily to cover the cost of a Leadership speaker for next year’s 8th graders.

Library MakerSpaces
Nancy Timson – $842.48 Grant – Impact: 750 students
For additional resources to enhance the existing Library MakerSpace program. At Timbercrest, these spaces focus on DIY projects that require problem-solving, critical thinking and other 21st century skills. The 2016-17 school year will also include an after-school MakerSpace Club.

Social/Emotional Mid-Level Program Incentives
Erin O’Malley – $200 Grant – Impact: 12 students
For trinkets, toys and edibles to be used as tangible rewards and incentives for the social/emotional mid-level programs. These items will reinforce students’ positive behavior and work completion. (Partially funded by SEPAC)

New Teacher Mentor Sound Discipline
Julia Appert

2015-2016

Career Day Transportation, Supplies & Speakers at Timbercrest Jr. High School
Joe Mismas - $1500 Grant – Impact: 797 students
For presenters, supplies, resources, and transportation to be used in a joint career day for 8th and 9th graders and a leadership day for 7th graders of Leota and Timbercrest Junior High Schools.

Timbercrest Library MakerSpaces at Timbercrest Jr. High School
Nancy Timson - $730.52 Grant – Impact: 700 students
For the creation of a MakerSpace in the school library. A MakerSpace is a physical location where people gather together to share resources, knowledge, work on projects, network, and create things.

2014-2015
Student Built, Self Replicating 3D printers - $1000 Grant
This project purchases parts and filament required to create two 3D printers. Computer Science students will create, recreate and maintain 3D printers to explore developments and different approaches to 3D Printing. This project will also increase access to printers and providing state of the art industry level experience for junior high students.

New Teacher Mentor Sound Discipline
Mark Erickson (also at CPJH)
Ashley (Buhler) Lovern
Erin O'Malley
Beau Siegel

Positive Behavior Intervention System Training

2013-2014
Isokinetics Stability Ball Chairs - $821 Grant
These chairs will be purchased for Exceptional Classrooms. Students will benefit from this equipment because it allows movement while the student focuses on learning.

National Board Teacher Certification Scholarship
Duane Primc, Math

1999-2000
Understanding Earth - $591 Grant
The laser disc program allows students to explore the solar system and the different geographical problems and differences on Earth.
WELLINGTON ELEMENTARY

2017-2018

Coffee House Flexible Seating Classroom
Rebecca Moran - $601 Grant – Impact: 48 students
Traditional desks will be replaced with large and small tables of different heights, mats and clip boards that will allow students to “exercise choice in the learning environment” and find academic success on their own terms. These options help students become more productive and more engaged in the process of learning.

Expand Kindergarten Take-home reading program
Susan Higginbotham - $950 Grant – Impact: 72 students
Children’s love of reading, as well as their reading level, grows with the availability of books at their reading level. “Take home” reading books have been available to Kindergartners at Wellington for that past 5 years, and this year they are adding a third classroom of Kindergartners so those students will now have access to the same program.

New Teacher Classroom Library
Lindsey Boone

2016-2017

Critical thinking games purchase
Rebecca Moran - $348 Grant - Impact: 70 students
For 7 high-quality, nonverbal games created to build quantitative and deductive reasoning skills for 2nd graders as a growth mindset is emphasized.

Bluetooth Keyboards for iPads Kevin Nitta – $350 Grant – Impact: 75 students
For Anker Compact Slim Profile Wireless Bluetooth Keyboards creating additional opportunities for sixth grade students to engage with technology. These will allow students to type and publish their written work on a consistent basis.

2012-2013
Helping Hands Service - $1000 Grant
This club offers monthly opportunities for students to become more conscious of the needs of others and to
serve our community in a positive way. Service activities provide opportunities to learn the qualities of
empathy, leadership, and positive social relationships.

Graphic Novel Collection - $1000 Grant
This project purchases fiction and non-fiction graphic novels that tell a story using text and pictures. This will
move students from the learning-to-read phase to the reading-to-learn phase, enabling teachers to capture new
readers while maintaining the enthusiasm and improving the skills of current readers.

2011-2012
Helping Hands - $900 Grant
To expand and support Helping Hands Program at Wellington Elementary where nearly 1/3 of the student
population is already engaged in monthly opportunities to become more conscious of the needs of others and
serve their community in positive ways.

Elementary School Science Kit Refurbishment (District-wide)

2010-2011
Dr. Speech - $988.76 Grant
For “Dr. Speech Clinical Software for Speech and Voice.” Students will get real-time biofeedback on speech
sound for production, pitch changes, loudness, voicing, voicing onset as well as phonetic exercises in an
enjoyable, colorful, fun activity.

2007-2008
Global Positioning Systems - $2,500 Grant
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp
Casey and during the school year for units on geography and survival. These tools will strengthen the
orienteering experiences for many years.

Physical Education Equipment - $2,000 Grant
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination,
aerobic conditioning and agility in PE classes across the district.
Boardmaker Activity Pad - $979.01 Grant
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

2005-2006
Colonial Day - $740 Grant
An entire school day will be devoted to the re-creation of colonial life for all 5th grade Wellington students. Students participate in a hands-on learning experience that meets Ned's 5th grade U.S. history curriculum requirement.

2003-2004
Colonial Day - $809 Grant
An entire school day dedicated to recreating daily life during colonial times. All 5th graders participate through a variety of hands-on experiences, make and eat appropriate foods, and dress in period costumes.

2001-2002
Literature Enrichment - $600 Grant
Janet Wong, an award-winning poet works, with 4th-6th grade students. Following a 45-minute assembly, the students have the opportunity to write a poem focusing on family using metaphor-simile style in a series of 45-minute writing workshops.
Toymaker Workshop Funding
Traci Edson and Reesa Olivares - Impact: All students
This program provides a 90-minute experience for students to use simple hand tools to build a variety of toys that demonstrate important scientific concepts studied in the classroom with the TCI science curriculum.

Roots of Empathy Program
Donnianne Noble – Impact: Entire Elementary School
To implement the Roots of Empathy program in all 4 second-grade classrooms. Roots of Empathy is an evidence-based classroom program that has shown to significantly reduce levels of aggression among schoolchildren by raising social/emotional competence and increasing empathy.

Kaufman Kits
Julie Elwell – Impact: Special Populations
Kaufman Kits are an evidenced-based program that employs a systematic and progressive approach of simplifying word pronunciation patterns to shape and expand verbal expression and make communication easier for children with childhood apraxia of speech.

STEM Backpacks
Stephanie Dunnewind – Impact: 100+ students
This STEM backpack program will target reluctant readers in grades 3-5 by offering activity kits and books on STEM topics.

National Board Teacher Certification Scholarship
Traci Edson, 5th Grade
Chelsea Hinton, 3rd Grade
Kristina Kupferschmidt, 4th Grade
Matthew Lang, 5th Grade

2012-2013
Comprehensive and Leveled Multi-lingual Balanced Literacy Library - $1000 Grant
This program provides leveled books for ELL students to read at home with a matching text in Spanish that can be read by the non-English speaking families of students. This will build background knowledge for parents, enabling conversations about the text, encouraging comprehension and family connections, and increasing at-home reading time for students, with the long-term goal of increasing parent involvement and literacy skills for all students.

2011-2012
Elementary School Science Kit Refurbishment (District-wide)

2010-2011
National Board Teacher Certification Scholarship
Andrew Larson

Literacy Enhancement - $984 Grant
To enhance the Westhill book collection with a focus on selecting books of high interest to both boys and girls, in particular books written by male authors. Texts that are appealing to boys will increase their motivation to read and will result in higher WASL reading scores.

2007-2008
Global Positioning Systems - $2,500 Grant
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

Physical Education Equipment - $2,000 Grant
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

Boardmaker Activity Pad - $979.01 Grant
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

2005-2006
Balanced Reading Program - $1000 Grant
This project will encourage students to think deeply about what they read. The books purchased will build a foundational library for a balanced reading program in the primary and intermediate grades that promotes student development of comprehension skills.
Colonial Day - $480 Grant
This hands-on experience for 5th and 6th grade students provides an opportunity for students to discover Colonial living through creative learning activities. It enhances social studies and language arts lessons and expands into helping students visualize and feel the American Revolution.

2003-2004
YES - $1000 Grant
An extended day learning opportunity for K-6 students in a safe, enriching environment where they work to meet higher academic standards and develop positive interactions with other students and adults.

2002-2003
Project Smile - $900 Grant
These books provide students with modeling and practice in reading expository text. Intermediate teachers and specialists select topics that focus on social studies so that reading instruction can be integrated into the content areas.

2001-2002
Students, Seniors, and Sunshine - $500 Grant
Fourth, fifth and sixth grade special education students from the Westhill Contained Learning Center visit with senior citizens at Northshore House. The funds provide art and craft supplies that the students use along with the seniors. This project helps the student to work on both communicating ideas clearly and effectively using communication strategies and skills to work effectively with others.

2000-2001
Project Smile - $1000 Grant
Leveled reading materials and related training for students in grades kindergarten, first, second, third, ESL and CLC.
WOODIN ELEMENTARY

2018-2019

Flexible Seating
Karen Kapovich - Impact: 100+ students
This program funding will expand the flexible seating choices available to students who have difficulty settling down or focusing with traditional classroom furniture.

Flexible Seating
Kimberly Ratti - Impact: 1-2 2nd grade classrooms
The flexible seating classroom will create an engaging, student-centered space where learning is the focus.

Ukeleles
Melody Lee – Impact: 100+ students
For the purchase of a class set of ukuleles for 3rd through 5th grade students to be utilized in the music room starting in the spring of 2019.

Mental and Emotional Health Tools
Shannon DuCharme and Christine Ro – Impact: Special Populations
To create a school-wide library of resources teachers can use to support students in developing their mental and emotional health. This library will include tangible tools to directly support students in managing emotions such as sensory seating cushions, stress balls, calming headphones, visual timers, etc.

Diversity Books
Kimberly Ratti, Jeanine Layes, Heather Roy, Jeny Siboret – Impact: 100+ students
Funding will provide a set of more diverse books in 2nd grade classrooms that can be used to help kids recognize their similarities and celebrate their differences.

Rekenreks
Yaravi Angell (and K/1 team) – Impact: 100+ students
To purchase class sets of Rekenreks for all first and kindergarten classes. Rekenreks are a research based math tool used to help students develop number sense, fact fluency, and mental math skills in the crucial early years of developing number concepts and the ability to construct and deconstruct numbers efficiently.

Flexible Seating
Jeny Siboret – Impact: 1-2 Classrooms
For the purchase of flexible seating to allow students to have the freedom to choose where they sit and will enable focus and a love of learning in an authentic manner.

EDU Breakout Kits at Frank Love
Steffanie Persyn – Impact: Entire Elementary School
For the purchase of EDU Breakout Boxes which are powerful hands-on learning kits that engage students and require them to work collaboratively on a series of increasingly challenging problems to ultimately discover what is hidden inside a locked box. Collaboration, communication and critical thinking conspire to create rich learning experiences for students of all ages.
**National Board Teacher Certification Scholarship**

Sonya Head
Emilly Spencer
Amy Walsh

**2016-2017**

**Civ Rights Bios & Spanish Lang Book Clubs**
Mariela Salcedo-Valencia - $1500 Grant - Impact: 43 students
For Civil Rights biographies and Spanish fiction and nonfiction to enhance the 3rd grade dual-language curriculum.

**Game Plan music curriculum purchase**
Melody Lee - $900 Grant - Impact: 600 students
For *Game Plan* curricular non-consumable resource materials to add visual, kinesthetic and aural components to the music classes for all students.

**Math games purchase**
Shannon DuCharme - $530 Grant - Impact: 100 students
For 25 math games for all grade levels to be played with families at *Play with Math!* evenings to dispel mathphobia and encourage parent involvement.

**New Teacher Mentor Sound Discipline**

Monica Jimenez-Moreno (DL)
Shelby Vogel (DL)

Positive Behavior Intervention System Training

2013-2014
New Teacher Mentor Sound Discipline
Dani Adair

2012-2013
Genre Focus Books - $1000 Grant
This program funds purchases of genre-specific titles in Spanish at the second and third grade levels to match the new literacy curriculum for the dual language program.

National Board Teacher Certification Scholarship
Allison Carter, 2nd Grade
Kirsten Jackson, 2nd Grade
Christine Ro, 3rd Grade

2011-2012
Spanish Read-Alouds - $1000 Grant
Spanish Read-alouds for the new Benchmark Literacy curriculum at Woodin Elementary. Students will have access to titles in Spanish that match the new literacy curriculum for the dual language program.

**MP3 players - $800 Grant**
For the purchase of MP3 players for struggling readers at Woodin Elementary to increase their access to Spanish, nonfiction and popular titles that are not available with the District funded e-audiobooks subscription.

**National Board Teacher Certification Scholarship**
Christina Berg
Heidi Bush
Corinne Geballe
Michelle Taylor

**Elementary School Science Kit Refurbishment** (District-wide)

**2011**
**New Teacher Classroom Library** - Maria Hettle, 6th grade

**2010-2011**
**Biographies - $500 Grant**
For sets of biographies (six of each title) for 3rd-6th graders to use in a social issue/citizenship unit. Having six copies of each title will allow students to read, collaborate and delve into analyzing the lives of noted people who have made contributions to the world.

**Picture Books - $500 Grant**
For picture book sets (six of each title) for 3-6 graders to use in an Author’s Message unit of study. Picture books are engaging, short and allow for multiple interpretations and thoughtful discussion of an author’s message.

**Picture Books - $500 Grant**
For Spanish language picture books on CS. They plan to use these books in a variety of ways to enhance oral language development and literacy development for both English language learners and Spanish language learners.

**Science Trade Books - $500 Grant**
For science trade books to motivate reluctant as well as gifted readers in the Woodin Dual Language program.

**2009-2010**
**Science Texts in Spanish - $1,000 Grant**
For Dual Language Program - non-fiction science texts for 5th graders. Students are taught in English as well as Spanish, though they don’t have a collection of Spanish science books. It will also prepare students for researching and how to access non-fiction information for when they reach Junior High. The students will be part of an individual student research project in the Woodin Science Fair.

**Mentor Texts - $1,000 Grant**
For purchasing mentor texts for writing. Woodin uses the NSD Balanced Literacy Program and the mentor books help students learn writing styles, stylistic devices and word choices, allowing students to analyze mentor texts with a reader’s eye.
Social Studies Texts in Spanish - $1,000 Grant
For Dual Language Program - social studies text books in Spanish for 6th graders. As part of the Dual Language Program and Washington State Social Studies standards, Spanish social studies textbooks are requested. Students will present reports and presentations at the spring Woodin Learning Fair.

Spanish Books - $1,000 Grant
For leveled non-fiction books in Spanish, used to enhance reading, improve reading collection and for reading buddy time.

National Board Teacher Certification Scholarship
Heather Arnold
Erin Kievit

2007-2008
Performing With Pride - $942 Grant
To enhance the music program and provide every K-6 student an opportunity to participate in a stage performance/production.

Text Books - $4,000 Grant
For a variety of non-fiction text books for 4th, 5th and 6th grades as well as the Spanish Dual Language Program. These books will be used for a variety of learning objectives and a variety of skill levels. (Exploring Biographies and other non-fiction Texts)

Global Positioning Systems - $2,500 Grant
25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

Physical Education Equipment - $2,000 Grant
Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

Boardmaker Activity Pad - $979.01 Grant
Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

2005-2006
Reading Books - $1000 Grant
This grant supports purchase of reading books grades 1 – 6. Books will include leveled readers, especially non-fiction titles. Purchase will supplement existing leveled book library and will be used by regular education programs including students in the English as a Second Language Program.

2004-2005
Art Enrichment - $500 Grant
This grant will purchase art supplies for the Art Docent program. Current school budget money is being spent on basic supplies and art projects are being short-changed. The Art Docent program (volunteers) is well established in each classroom but art supplies are sorely limited.

Replace Our Worn Out Kiln - $1000 Grant
The school old Kiln is not repairable & a new kiln is needed for several projects.

**Espanol Para Ti - $1000 Grant**
This curriculum teaches Spanish to students who speak English. Benefits include: better communication, English speakers learn another language, Spanish speakers are the "experts" in at least one subject, new students (Spanish speaking) are helped in the acquisition of English.

**2003-2004**

**Primary Leveled Books - $500 Grant**
These books supplement the existing leveled book collection. Leveled books appropriately match a student’s reading level so that they can practice known reading strategies, comprehend the material read, and build fluency.

**Visualizing Social Studies - $939 Grant**
The program supplements the District social studies curriculum with materials that are designed to attract students. The materials encourage discovery and creativity in learning with imaginatively written and illustrated text that explores major historical eras in depth.

**Math Literacy Packets - $880 Grant**
This cross-grade level program involves both younger and older students as well as their families. Teams of younger and older students explore math concepts with the help of the math literacy packets (MLP). Younger students then take the MLP home to share with their families.

**2002-2003**

**The Poetry Prince - $314 Grant**
Anyone at the school (staff/students) becomes the Poetry Prince by learning a poem to read or recite. They wear a royal robe and crown to perform their poem for each class. ESL students especially benefit from additional exposure to meter and rhyme in English poetry.

**Content Area Book Sets - $972 Grant**
Purchase non-fiction picture books in science and social studies that support vocabulary development. These books benefit students that are learning English, are reading delayed or have specific learning disabilities.

**2001-2002**

**Leemos Espanol! & Building Blocks for Newcomers - $1300 Grant**
Two separate projects to foster academic preparedness with students as well as develop a life-long love of literature. Materials include: paperback books; games and puzzles; and tapes for kindergarten, 1st and 2nd grade ESL students and families.

**Computer Assisted Learning Stations - $882 Grant**
The grant provides a portion of the funds to design three Computer Assisted Learning Stations for in-class use by first and second graders. They are used in several ways by classroom adults and students to support in-class directed lessons, to allow students alternative access to learning beyond paper and pencil, and as cooperative student workstations.

**1998-1999**

**Kitchen Cart - $980 Grant**
Used to create a cart that helps bring cultural awareness and knowledge in measurements through cooking.
1997-1998
A Secret Garden - $500 Grant
An unused portion of ground is turned into a garden for reading and sitting by students.
WOODINVILLE HIGH SCHOOL

2018-2019
Spanish Books
Heather Cline - Impact: 100+ students
For the purpose of purchasing Spanish books to support the Free Voluntary Reading Program.

2004-2005
Soaring To Scotland - $1000 Grant
WHS has been invited to participate in American High School Theatre Festival in Edinburgh, Scotland (August 2004).  1500 nominated/WHS ranked 3rd out of 30 schools invited to perform.  Funds will be used for production related items.

2003-2004
Project WIN - $991 Grant
Through the use of books on tape, recorders and other accessories, Learning Center students improve their reading rate and word attack skills as well as their reading comprehension and letter word identification.

2002-2003
Measure for Measure - $1,000 Grant
Funds will be used for re-calibration of existing micro-pipets, used by students to experience authentic scientific investigations.  Extends the useful life of the micro-pipets and ensures dependable experimental results.

2001-2002
Media Literacy - $804 Grant
This project creates an intensive literacy unit for eleventh graders. It teaches advertising techniques, media stereotypes, and allows students to explore the subtle aspects of American culture. Emphasis is placed on professional films to lead discussions and build curriculum about body image, male and female roles and society, and living in the multicultural age.

Greenstage performs Macbeth at WHS - $1000 Grant
Greenstage is a group of Seattle actors who perform Shakespearean plays. They will perform Macbeth, the Shakespeare text taught to all Woodinville Juniors. Following the performance, which will be attended by all juniors, there will be discussion of the play, allowing the students to question particular interpretations and issues presented.

2000-2001
Falcons Leading the Way to Success - $1000 Grant
High School students tutor elementary students for English, writing and speaking skills.

Spanish 100 Immersion - $500 Grant
Flash Cards and other visual aids for Spanish immersion

1999-2000
Opera in the Classroom - $1000 Grant
Funds will be used to bring in a speaker from the Seattle Opera.

1997-1998
Thermal Cycler - $1,000 Grant
Schools implement a new segment to the science program by adding a lesson on DNA processing.

GLOBE Ecosystem - $1000 Grant
Students use an area of forest to document existing plant species, tree sizes and collected soil samples.

1996-1997
Sophomore Individualized Reading - $500 Grant
Money used for purchasing books to individualize the reading program for upcoming sophomores. The students will discuss, write about and share projects with the class.
WOODMOOR ELEMENTARY

2018-2019

Future Ready for Everyone Funding
Laurie Roberts - Impact: Special Populations students
This funding will purchase additional sensory items including weighted blankets, wobble chairs, adaptive eating utensils and chewies to better support student needs systemically.

National Board Teacher Certification Scholarship

2017-2018

Make A SPLASH (Students Learning Alternative Skills Happily) Mobile Makerspace unit
LaTisha Joseph - $875 Grant – Impact: 810 students
This Mobile Makerspace unit will help develop guided experiences for students and families to explore creativity and innovation, while learning valuable technology and social skills. It will be the highlight of family Reading, Math and Science nights and will be available for any Woodmoor teacher to check out for use.

Books for ¾ EAP Classes
Julia Gochnourw – Grant Recipient – Impact: 100+ students
To purchase higher level books, both fiction and non-fiction, for the classroom library so the students have a wider variety of books to “try on” the reading strategies at their individual reading levels and interests.

Lego Mindstorms - $1000 Grant
For funds to purchase Lego Mindstorms packs which will allow students to make Martian Geological Survey Robots. This exciting program will involve students in the field of robotics. Their goal will be to design and create equipment and a robot that will successfully perform operations on a simulated flight to Mars. They will learn teamwork while working with students of differing skills and interests.

Laptop Communicator - $996 Grant
Purchase Laptop Communicator for the AAC Language and Social Group. Students with severe communication limitations will learn skills required to communicate as successfully as possible. Learning will enhance group interaction and will include parent participation. This program is also planned to include general education peers in the groups for peer-mediated support.

New Teacher Mentor Sound Discipline

2012-2013

Pares de los Libros - $1000 Grant
This program provides access to English-Spanish leveled books to improve students’ reading ability, while enabling parents who are non-English speakers to support their children at home. Currently, twenty-two percent of Woodmoor Elementary’s students are Hispanic.

Making "Kinect"-ions at School - $1000 Grant
This program helps students with special needs by increasing fine and gross motors skills, developing expressive language, and facilitating appropriate social situations and play.

2011-2012

Structured Seating for Success in Contained Learning Centers - $912 Grant
For structured seating options for the success of students in Contained Learning Centers at Cottage Lake and Woodmoor Elementary schools. These chairs will provide an innovative way for students who are on the autism spectrum, have sensory processing disorders, or have mobility or orthopedic impairments to stay focused on the group or individually structured learning activities.

High-Interest, Low-Level Books - $1000 Grant
For high-interest, low-level books for Woodmoor intermediate classrooms. These books will help community members and staff to provide targeted, comprehensive instruction for students who are below grade-level readers.

Summer Reading Book Bus - $1000 Grant
To support the Summer Reading Book Bus program that offers students from Woodmoor Elementary to travel to school to read books, be read to, and to check out books during the summer months when the Woodmoor school library is traditionally closed.

New Teacher Classroom Library - Lydia Booker 1st grade

Elementary School Science Kit Refurbishment (District-wide)

2010-2011

Just Right Books - $1000 Grant
For “just right” books for the graphic novel section in their library.

Just Right Books - $100 Grant
For Rigby leveled readers (“just right books”). “Just right books” are a part of a balanced literacy approach that will meet the specific instructional needs of their Contained Learning Center.

2009-2010

Classroom Easels - $1,000 Grant
For 8-9 classroom easels to post mini-lessons so students hear and see the information, ensuring that all learning styles are addressed and to enhance learning and retention for all students.

**2007-2008**

**Global Positioning Systems - $2,500 Grant**

25 Global Positioning System units that can be used for orienteering by all 5th grade students attending Camp Casey and during the school year for units on geography and survival. These tools will strengthen the orienteering experiences for many years.

**Physical Education Equipment - $2,000 Grant**

Upgrade the rotating collection of physical education equipment that is used to improve balance, coordination, aerobic conditioning and agility in PE classes across the district.

**Boardmaker Activity Pad - $979.01 Grant**

Purchase a Boardmaker Activity Pad for the Assistive Technology Library that can be used by students in the District who have technology needs.

**2006-2007**

**Chairs for Learning - $887 Grant**

Purchases wooden chairs that allow special needs children to maintain physical stability while learning since typical plastic chairs found in classrooms tip over quite easily.

**2005-2006**

**Chairs for Learning - $887 Grant**

Purchases wooden chairs that allow special needs children to maintain physical stability while learning since typical plastic chairs found in classrooms tip over quite easily.

**Supplemental Learning Tools - $1000 Grant**

For supplemental learning tools to meet instructional reading objectives and goals of special needs students. This innovative technology will help students improve their reading, comprehension and vocabulary skills.

**2004-2005**

**Mars Robotic Design Laboratory - $953 Grant**

This project will purchase four Robolab sets (kits, batteries, storage cart) for 4 sixth grade classes. With these materials students will be building and programming robots to perform a variety of tasks using critical thinking, experimental design and computer programming skills. Parents will also be involved in this project. The final project will be to design and build a Martian rover that will use light sensors to follow a path and test for specific elements in rock samples.

**2003-2004**

**Kindergarten Take Home Reading - $1,000 Grant**

Students increase reading fluency by practice, parental involvement and monitored progress. The project develops student confidence and success in their reading ability, creates excitement for reading and establishes a clear home/school connection.

**2002-2003**

**Guided Reading Books - $1,000 Grant**

Books for the school collection that match the reading level of the reader. These books provide opportunities for all students to practice known reading strategies, comprehend the material read and build fluency.
Lights! Camera! Action! - $652 Grant
Students with special needs (contained Learning Center) receive positive reinforcement for following directions in music and physical education by being videotaped and then viewing themselves in a short movie.

2001-2002
Book Bags for Home - $1,000 Grant
Book bags for home increases reading skills, encourages parent involvement and enjoyment with their child, and promotes growth in IEP language arts objectives. After fall testing, each student receives a book bag, parent journal and appropriate reading materials. There is an incentive program to celebrate the time spent reading with families. Community volunteers are also utilized.

Digi-Walking to a Healthy Lifestyle - $992 Grant
This grant provides 30 DigiWalker kits to encourage 10,000 steps a day. The Digi-Walkers count the steps. Students can gauge their level of activity. Teachers wear the Digi-Walkers along with the students. Fun competitions are set-up with PTSA, Rotary and other community groups.

2000-2001
Kindergarten Take-Home Reading Program - $1,000 Grant
Purchase leveled reading books for grades kindergarten through second and CLC.

1999-2000
The Basic Five - $990 Grant
Provides a lesson plan for students with special needs to learn everyday basic skills through five basic lessons.

Summer Reading Program - $1,000 Grant
The summer reading program helps children who struggle with reading.

Infusing Technology into Physical Education - $1000 Grant
Students acquire the skill of creating and editing their own P.E. and Music videos.

1997-1998
Lessons for the Heart - $1,000 Grant
Use of heart monitors to regulate the students’ heart rates during PE class.
Language & Literacy - $990 Grant
Will launch a project targeted at increasing language and literacy of students at Woodmoor throughout grades K – 6. The writing support and multimedia tools purchased will assist children of all abilities in both speech and language.
